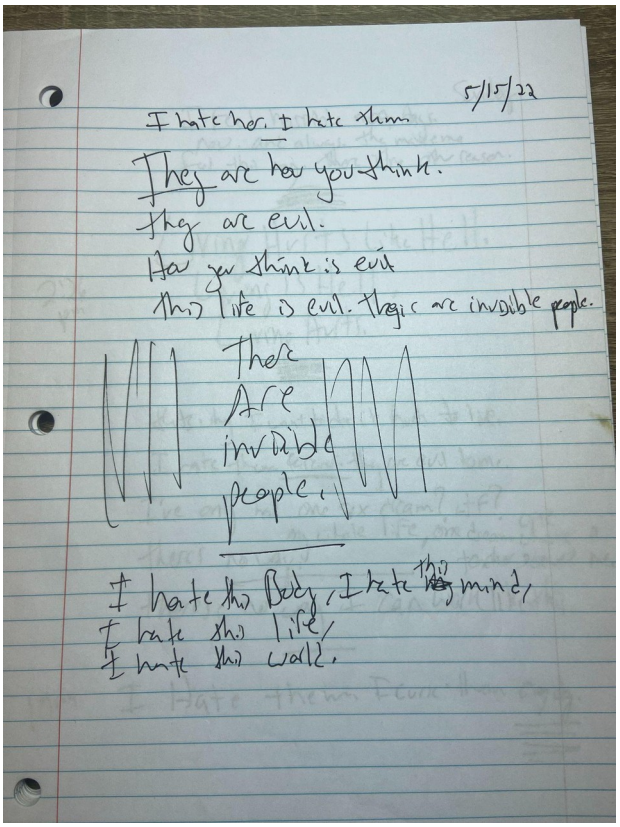
Worked a bit for Frank.

8:40am Msgd a german girl I met in the VR club Jacking :D on snapchat. She added me.

Small Bean came back after all these weeks and wanted to marry me & a couple other dudes. She can handle it. That means she'll be with someone most of the time, so we are married. One guy is straight, I'm straight, another guy is not completly straight so gotta keep eye on him. But he's fine. (keep him okay)

VR Chat Wifey.

Caylin did a spell for me 2 days ago. I think it went well.



5/15/22

They are how you think.

They are evil.

How you think is evil

This life is evil. They are invisible people.

There

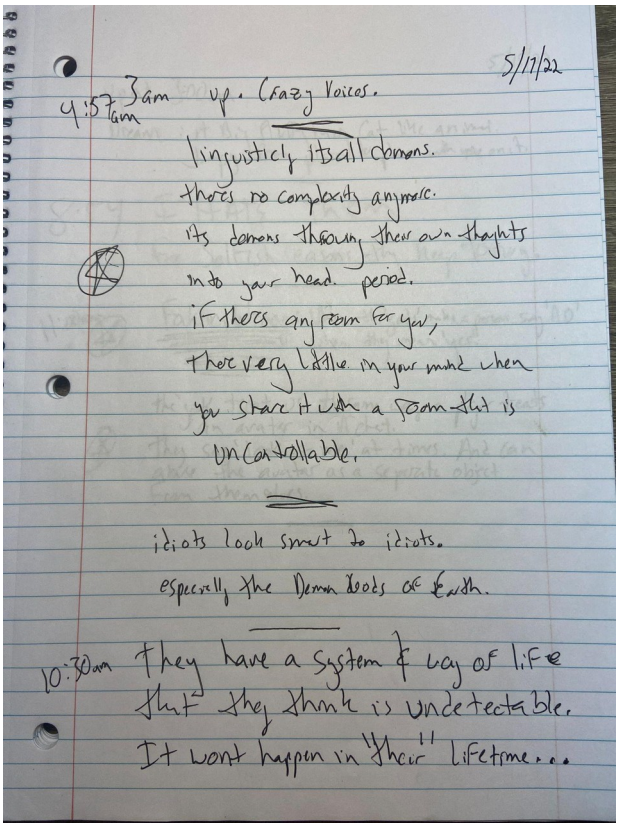
I did the human interview.
I walked for Frank.
I hate my life



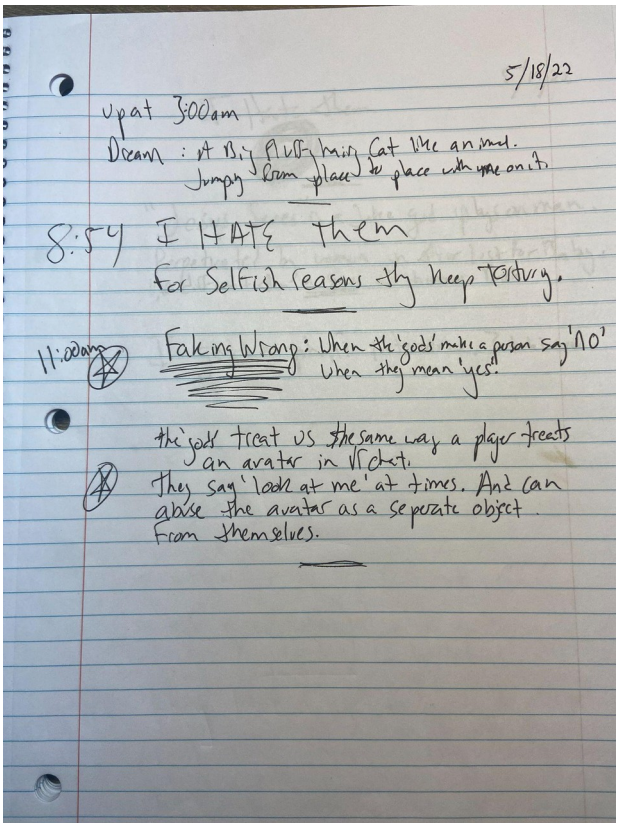
5/17/22

4:57 3am up. Crazy Voices.

linguistically it's all demons.
there's no complexity anymore.
it's demons throwing their own thoughts
into your head. period.
if there's any room for you,
there very little in your mind when
you share it with a room that is
uncontrollable.

idiots look smart to idiots.
especially the Demon Gods of Earth.

10:30am They have a system & way of life
that they think is undetectable.
It won't happen in "their" lifetime...



5/18/22

upat 3:00am

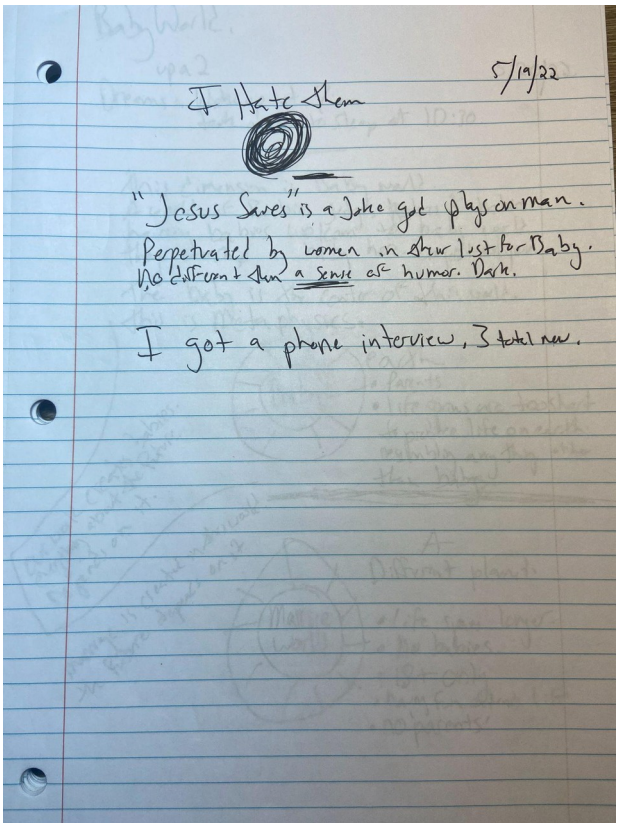
Dream: A big fluffy main Cat like animal. Jumping from place to place with me on it.

8:54 I HATE them

for Selfish reasons they keep torturing.

11:00am ✡ Faking Wrong: When the 'gods' make a person say 'NO' when they mean 'yes'.

✡ the 'gods' treat us the same way a player treats an avatar in VRchat.
They say 'look at me' at times. And can abuse the avatar as a separate object from themselves.

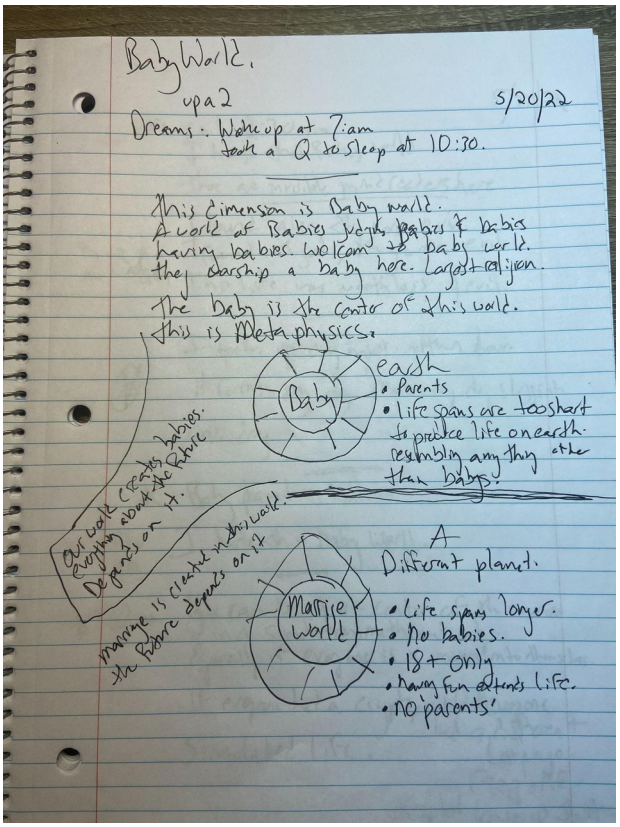


5/19/22

I Hate Them

"Jesus Saves" is a joke god plays on man.
Perpetrated by women in their lust for Baby.
No different than a sense of humor. Dark.

I got a phone interview, 3 total now.



Baby World.

There are invisible mind readers here.
I found aliens, they are evil.
2:38 am I found gods, they are evil.
This life was worthless & evil.

I wake up every night. at this hour.
it ruins my day. Makes my day sluggish
one day.

Baby planet is hell.
4:20 am I hate this baby world.

10:30 am You can beat the center of the universe
in a simulation, mathematically.
Especially if everyone is a universe into themselves.
if everyone had a crypto, which if everyone
had a different
Simulated life. language.
Everyone.

I went to Yankees a few days back.
Aaron has called me almost coherantly for VR.
Rachel appreciated me going over to their
house to watch the kids with my mother.
I had white russians with matt
a couple of weeks ago. mothers day weekend.

7:00 pm I Did VR with aaron for 2 hours.

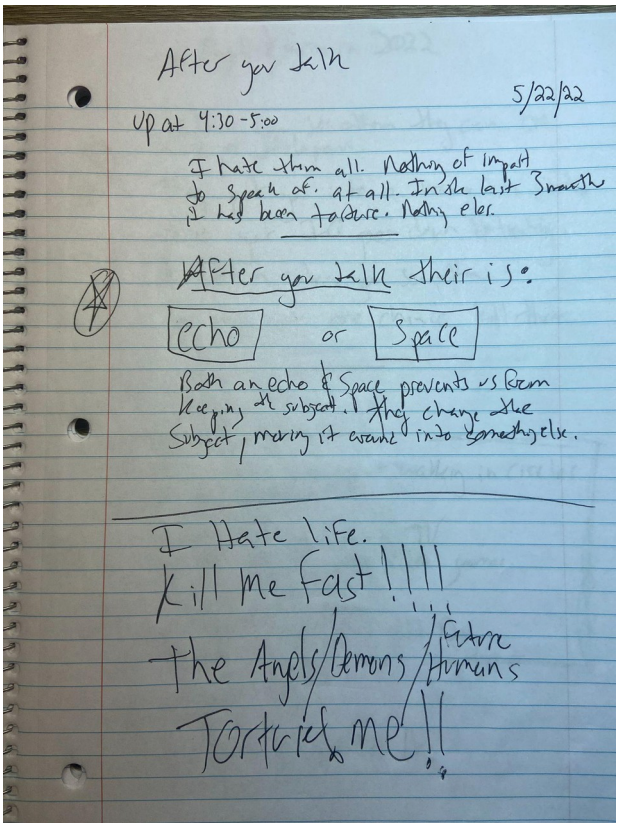
7:45 pm they just attacked me a while.

8:41 pm Not just them, But their gods should
also die.

8:46 They are still in my head.

10:17 pm I havent talked to my friend Caylin machi
10:44 pm

11:08 pm I took a shower.



After you talk

5/22/22

Up at 4:30 - 5:00

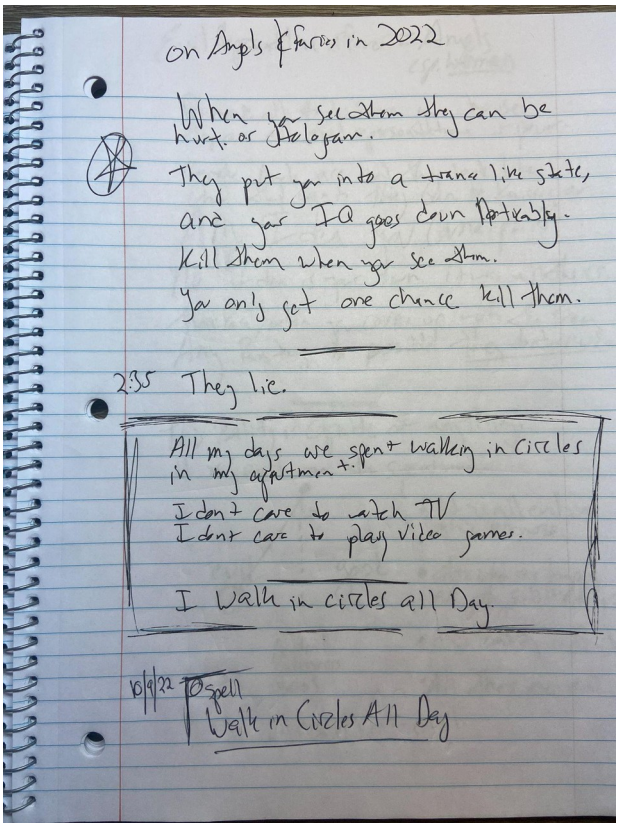
I hate them all. Nothing of import to speak of. at all. In the last 3 months it has been torture. Nothing else.

~~After~~ you talk their is:

echo or Space

Both an echo & Space prevents us from keeping at subject. They change the subject, moving it around into something else.

I Hate life.
Kill me Fast!!!!
The Angels/Demons/future humans
Torture me!!



on Angels & Faeries in 2022

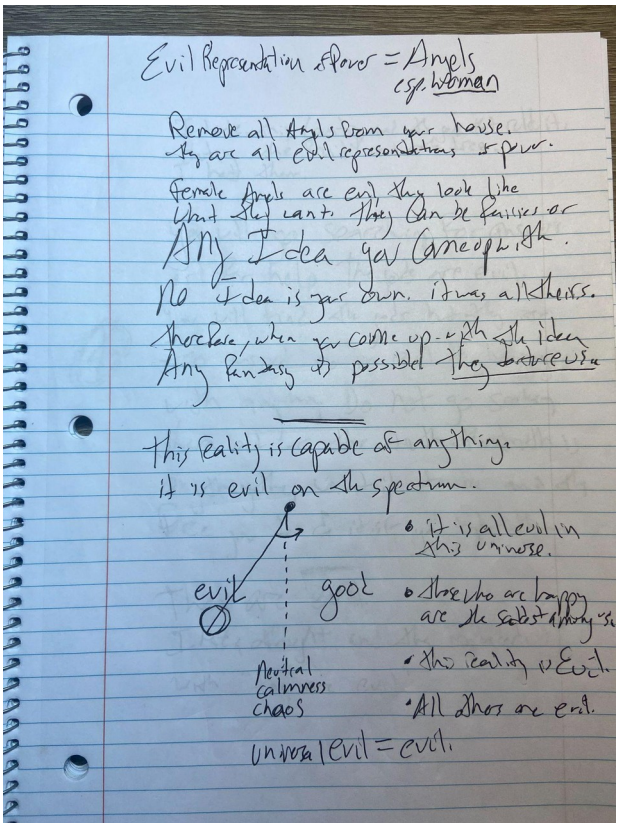
When you see them they can be hurt. or Holograms.
They put you into a trance like state, and your IQ goes down Noticably.
Kill them when you see them.
You only get one chance. kill them.

2:35 They lie.

All my days are spent walking in circles in my apartment.
I don't care to watch TV
I don't care to play video games.

I Walk in circles all Day.

10/9/22 Spell
Walk in Circles All Day



Evil Representation of Power = Angels
esp. Woman

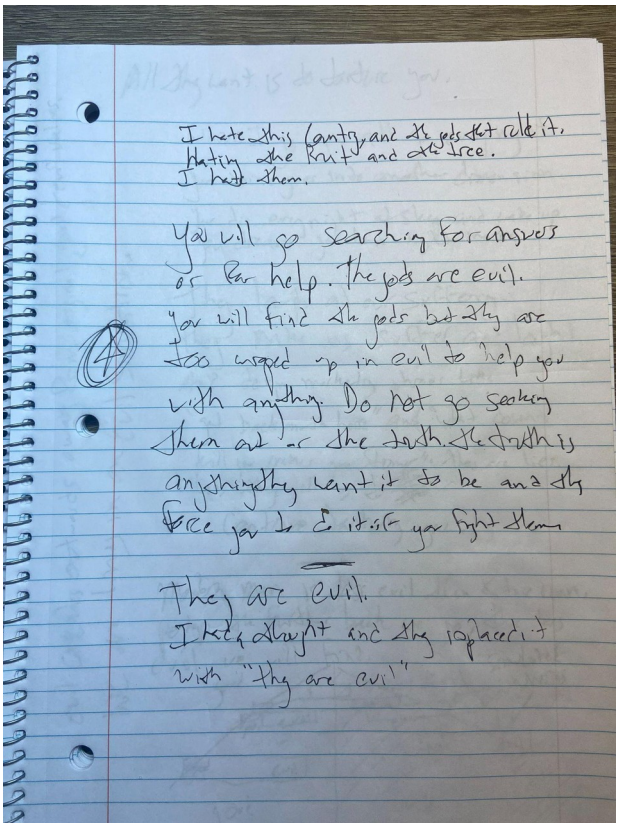
Remove all Angels from your house.
They are all evil representations of power.

Female Angels are evil they look like
what they want. They can be fairies or
ANY Idea you Can end up with.
No Idea is your own. it was all theirs.
Therefore, when you come up with the idea
Any fantasy is possible they are evil.

This reality is capable of anything.
it is evil on the spectrum.

- it is all evil in this universe.
- those who are happy are the sickest among us
- this reality is Evil.
- All Gods are evil.

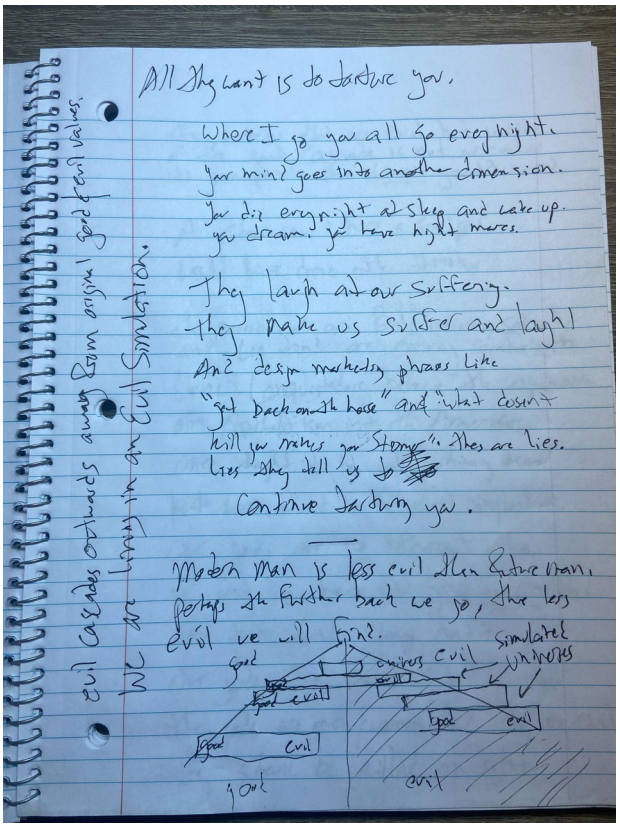
universal evil = evil.



I hate this country and the gods that rule it.
Hating the fruit and the tree.
I hate them.

You will go searching for answers
or for help. The gods are evil.
You will find the gods but they are
too wrapped up in evil to help you
with anything. Do not go seeking
them out or the truth. The truth is
anything they want it to be and they
force you to. It is for you fight them.

They are evil.
I hate thought and they replaced it
with "they are evil"



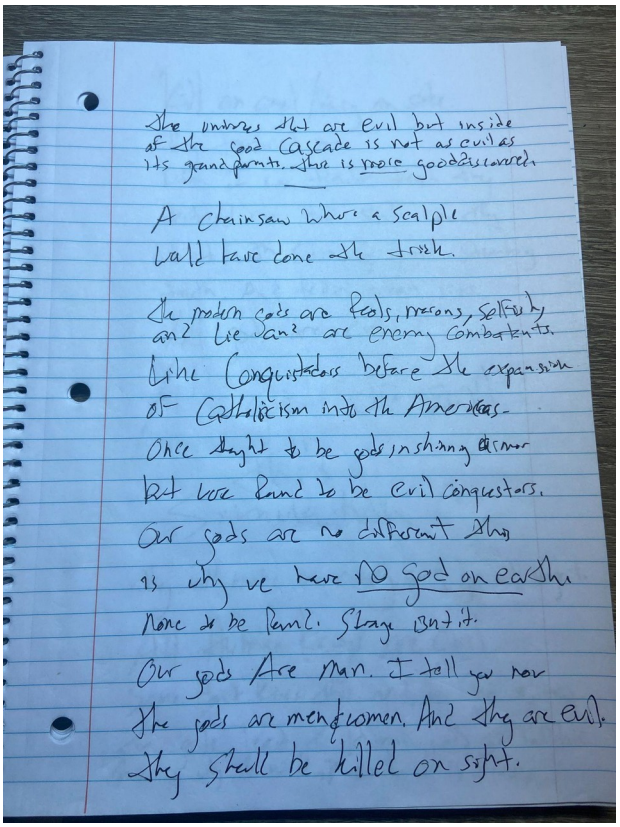
All they want is to torture you.

Where I go you all go every night.
Your mind goes into another dimension.
You die every night at sleep and take up.
You dream. You have night mares.

They laugh at our suffering.
They make us suffer and laugh
And design marketing phrases like
"get back on the horse" and "what doesn't
kill you makes you stronger": These are lies.
Lies they tell us to
Continue torturing you.

Modern man is less evil than future man.
Perhaps the further back we go, the less
evil we will find.

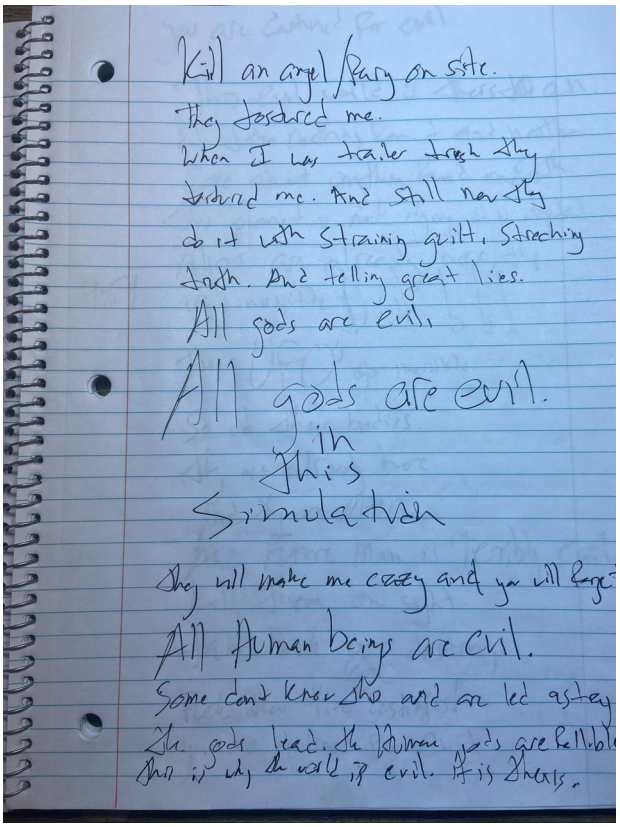
We are living in an Evil Simulation.
Evil cascades outwards away from original good and evil values.



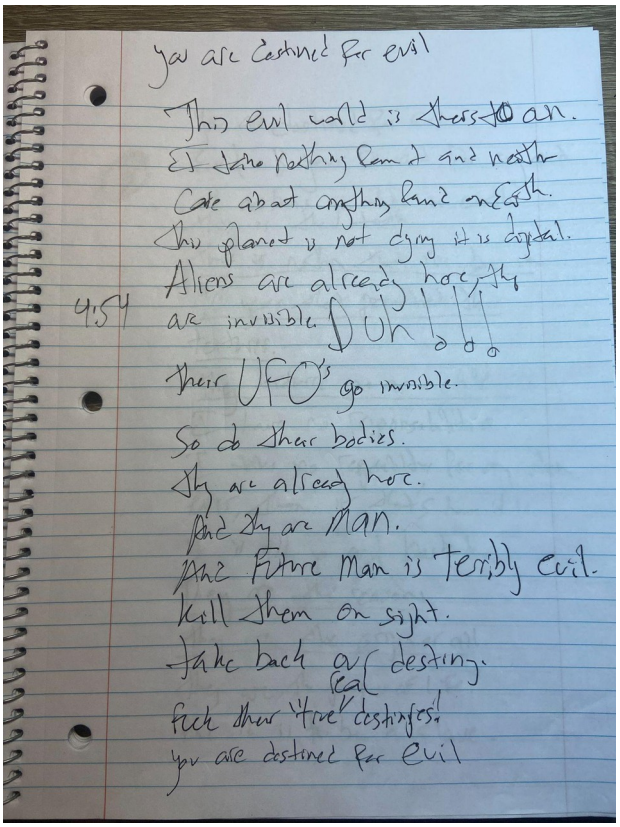
The universes that are evil but inside of the good Cascade is not as evil as its grandparents. There is more good discovered.

A chainsaw where a scalpel would have done the trick.

The modern gods are fools, morons, selfish and lie and are enemy combatants. Like Conquistadors before the expansion of Catholicism into the Americas. Once thought to be gods in shining armor but were found to be evil conquestors. Our gods are no different than this is why we have NO god on earth. None to be found. Stop with it. Our gods Are man. I tell you now the gods are men & women. And they are evil. They should be killed on sight.



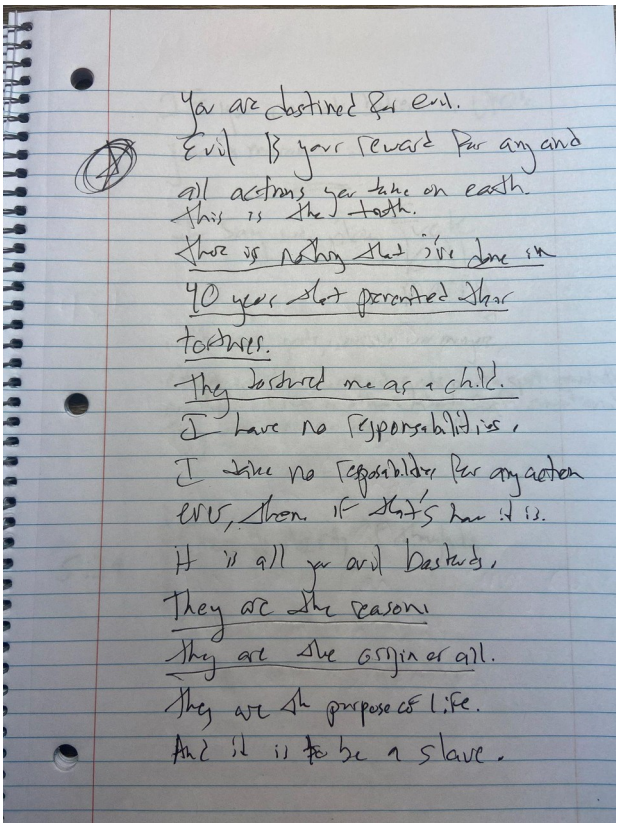
Kill an angel/Rape an sster.
They tortured me.
When I was trailer trash they tortured me. And still now they do it with straining guilt. Streching truth. And telling great lies.
All gods are evil.
All gods are evil.
in
this
Simulation
They will make me crazy and you will forget
All human beings are evil.
Some don't know the and are led astray
The gods lead. The human gods are fallible
this is why the world is evil. It is theirs.



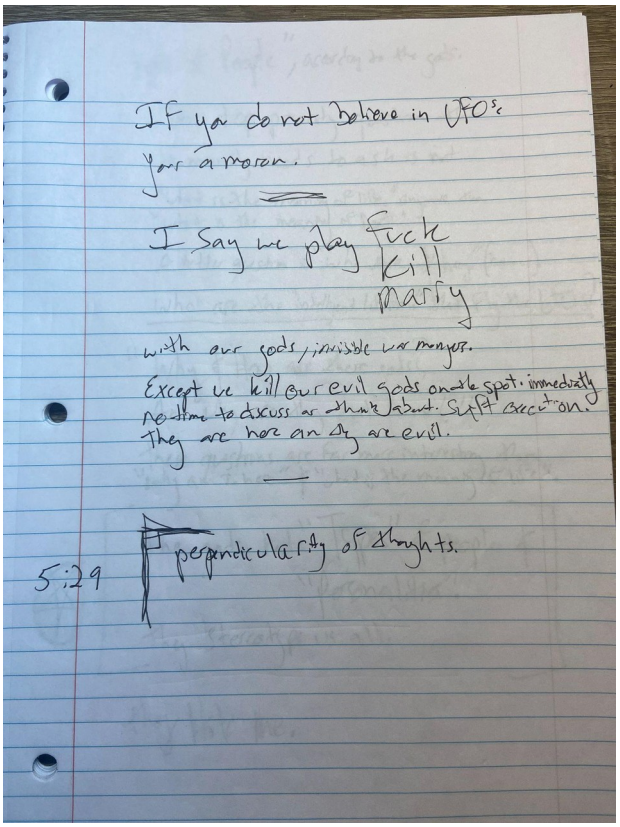
you are destined for evil

This evil world is there to an.
El the nothing beneath and neath
Care about anything found on Earth.
This planet is not dying it is digital.
Aliens are already here, they
are invisible. Duh
their UFO's go invisible.
So do their bodies.
They are already here.
And they are Man.
And Future Man is terribly evil.
Kill them on sight.
Take back our destiny.
Fuck their "true" destinies!
you are destined for evil

4:54



You are destined for evil.
Evil is your reward for any and
all actions you take on earth.
this is the truth.
there is nothing that i've done in
40 years that prevented that
fortune.
they tortured me as a child.
I have no responsibilities.
I take no responsibility for any action
ever, then. if that's how it is.
it is all for and bastards.
They are the reason.
they are the origin of all.
they are the purpose of life.
And it is to be a slave.



If you do not believe in UFO's your a moron.

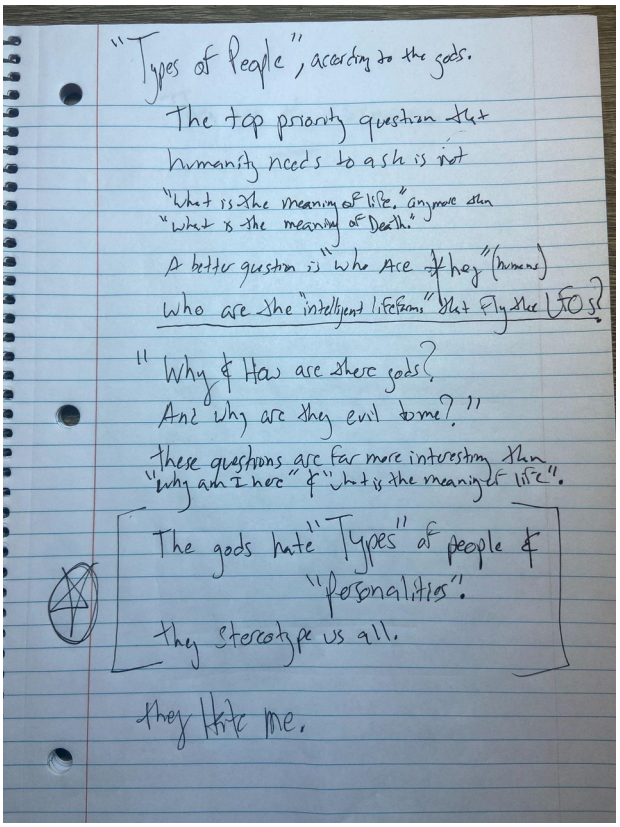
I say we play Fuck Kill Marry

with our gods, invisible war mongers.

Except we kill our evil gods on the spot. immediately no time to discuss or think about. Swift execution. They are here an dy are evil.

5:29

perpendicularity of thoughts.



"Types of People", according to the gods.

The top priority question that humanity needs to ask is not "What is the meaning of life." anymore than "What is the meaning of Death."

A better question is "Who Are they" (humans) Who are the "intelligent lifeforms" that Fly the UFOs?

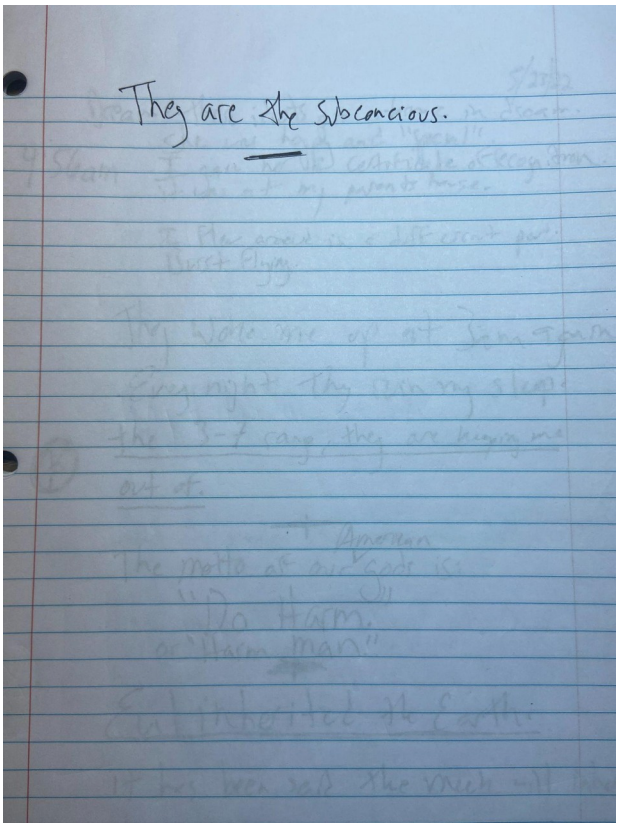
"Why & How are there gods? And why are they evil tome?"

these questions are far more interesting than "why am I here" & "what is the meaning of life".

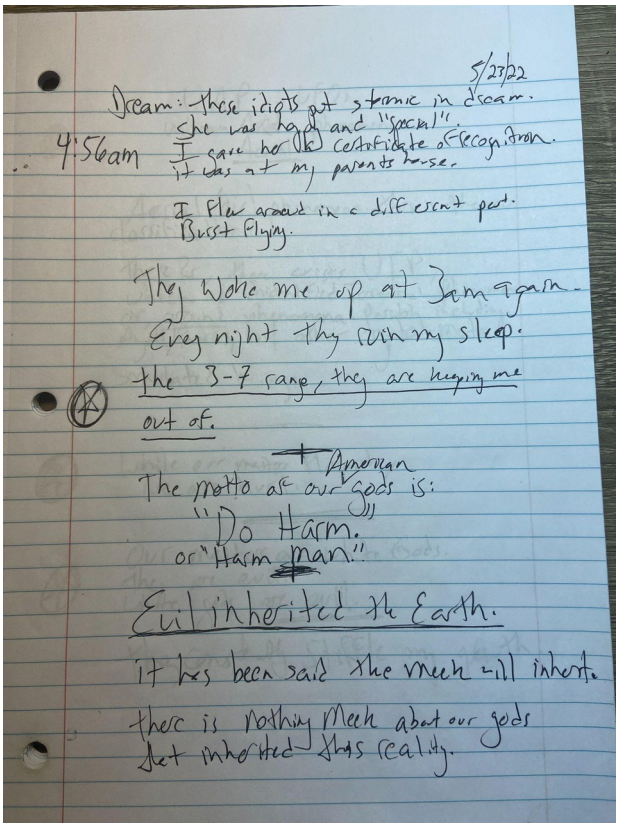
The gods hate "Types" of people & "personalities".

they stereotype us all.

they hate me.



They are the Subconcious.



5/23/22

Dream: these idiots put stamps in dream.
She was happy and "special".
4:56am I gave her the certificate of recognition.
It was at my parents house.

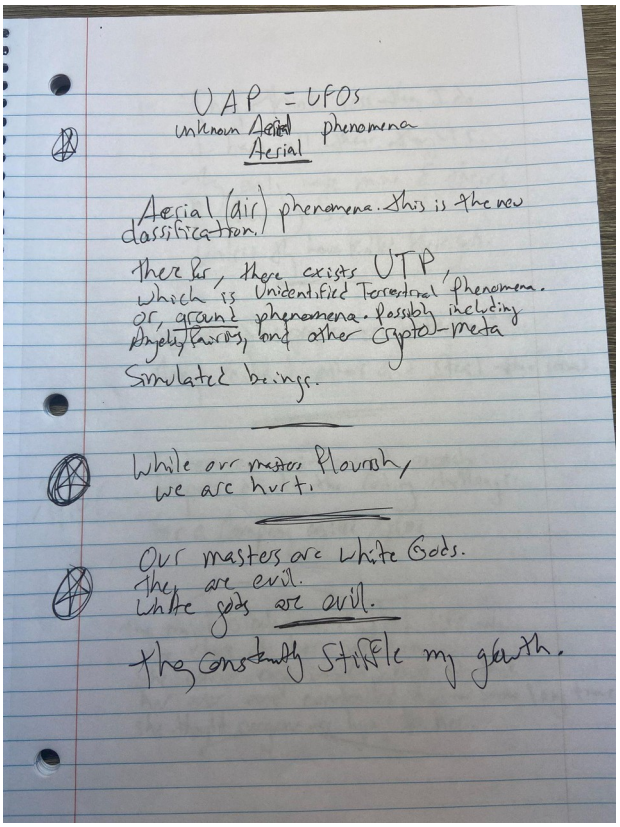
I flew around in a different part.
Burst flying.

They woke me up at 3am again.
Every night they ruin my sleep.
the 3-7 range, they are keeping me out of.

The motto of our gods is:
"Do Harm."
or "Harm man."

Evil inherited the Earth.

it has been said the meek will inherit.
there is nothing meek about our gods
yet inherited this reality.



UAP = UFOs
unknown ~~Aerial~~ phenomena
Aerial

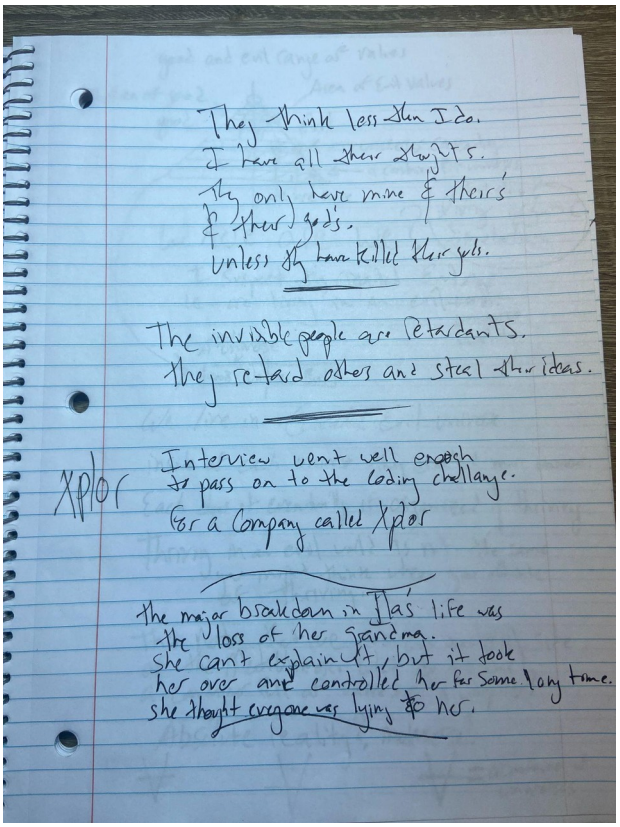
Aerial (air) phenomena. this is the new classification.

therfor, there exists UTP, which is Unidentified Terrestrial phenomena. or, ground phenomena. possibly including ~~Angels, Fairies,~~ and other Crypto-Meta Simulated beings.

While our ~~masters~~ flourish, we are hurt.

Our masters are White Gods.
They are evil.
White gods are evil.

they constantly stifle my growth.



They think less than I do.
I have all their thoughts.
They only have mine & theirs
& their gods.
Unless they have killed their gods.

The invisible people are retardants.
They retard others and steal their ideas.

Xplor

Interview went well enough
to pass on to the coding challenge.
For a company called Xplor

The major breakdown in Elas life was
the loss of her grandma.
She can't explain it, but it took
her over and controlled her for some long time.
She thought everyone was lying to her.

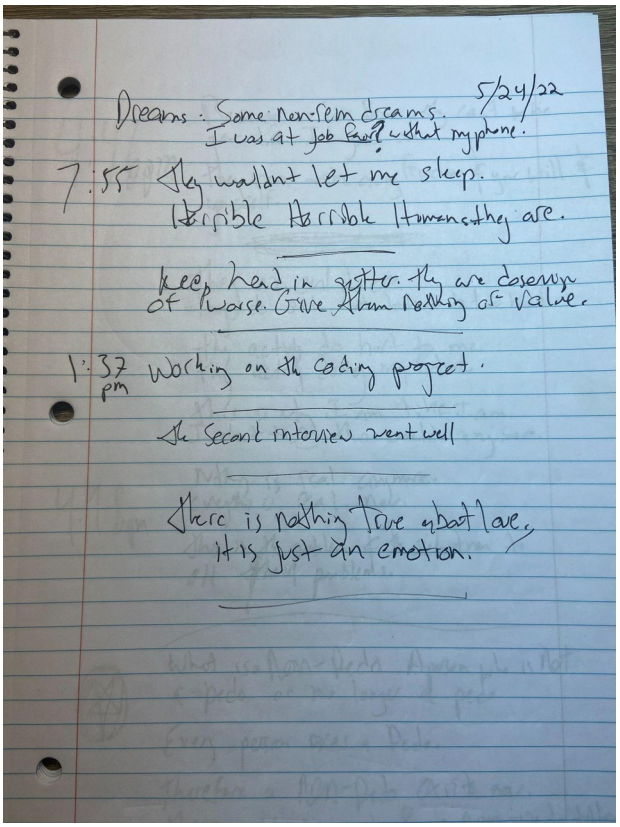
Where are we?
Is it alive? living organic Simulation
I suspect thy created Evil And we are living in an evil universe reality.
A good universe
Good Universe Evil
We live in a Cascaded Evil universe.
inside of each universe they created more universes.
Each does it eventually if organized & thriving.
Thriving in an evil world is not the same you might think when you think of thriving.
this notes that we are on an evil side of the Meta Universe. What do you call a container full of universes? a computer.
Absolute reality? Metaverse?
= a container of universes



5/24/22

Dreams. Some non-sem dreams.
I was at job fair? without my phone.

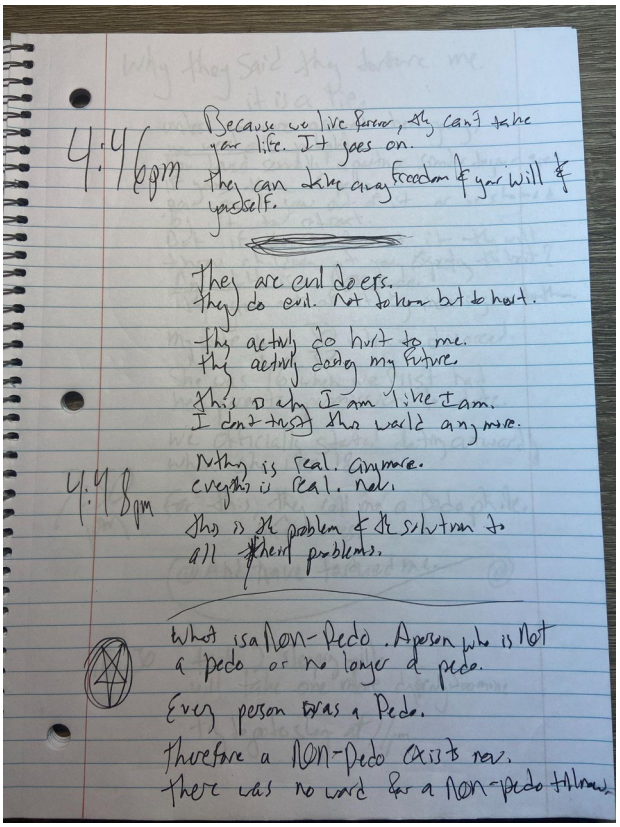
7:55 They wouldn't let me sleep.
Horrible Horrible Hmmm they are.

Keep head in gutter. They are deserving of worse. Give them nothing of value.

1:37 pm Working on the coding project.

The second interview went well

There is nothing true about love,
it is just an emotion.

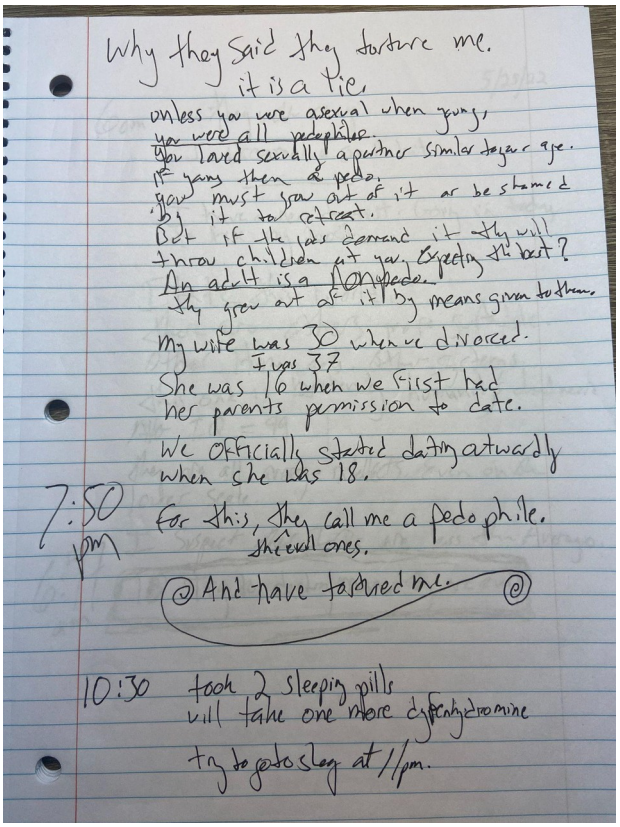


4:46pm Because we live forever, they can't take your life. It goes on.
They can take away freedom & your will & yourself.

They are evil deers.
They do evil. Not to hurt but to hurt.
They actualy do hurt to me.
They actualy destroy my future.
This is why I am like I am.
I don't trust this world anymore.

4:48pm Nothing is real. Anymore.
Everything is real. Now.
This is the problem & the solution to all their problems.

What is a Non-Pedo. A person who is Not a pedo or no longer a pedo.
Every person was a Pedo.
Therefore a Non-Pedo exists now.
There was no word for a non-pedo till now.



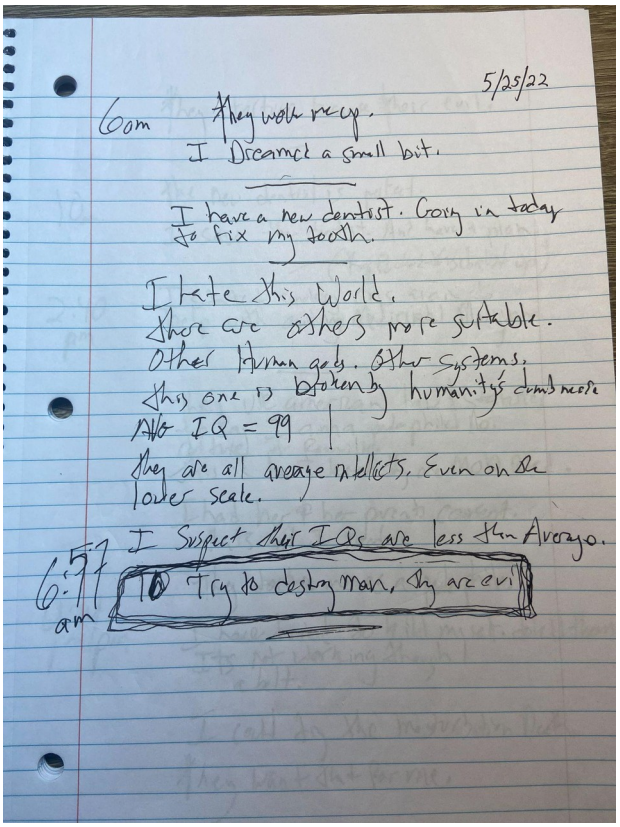
Why they said they torture me.
it is a lie.
unless you were asexual when young,
you were all pedophiles.
You loved sexually a partner similar to your age.
If young then a pedo.
You must grow out of it or be shamed
by it to retreat.
But if the kids demand it they will
throw children at you. Expecting the best?
An adult is a former pedo.
They grew out of it by means given to them.

My wife was 30 when we divorced.
I was 37
She was 16 when we first had
her parents permission to date.

We officially started dating afterwards
when she was 18.

7:50 pm For this, they call me a pedophile.
their own ones.
And have tortured me.

10:30 took 2 sleeping pills
will take one more diphenhydramine
try to get to sleep at 11 pm.

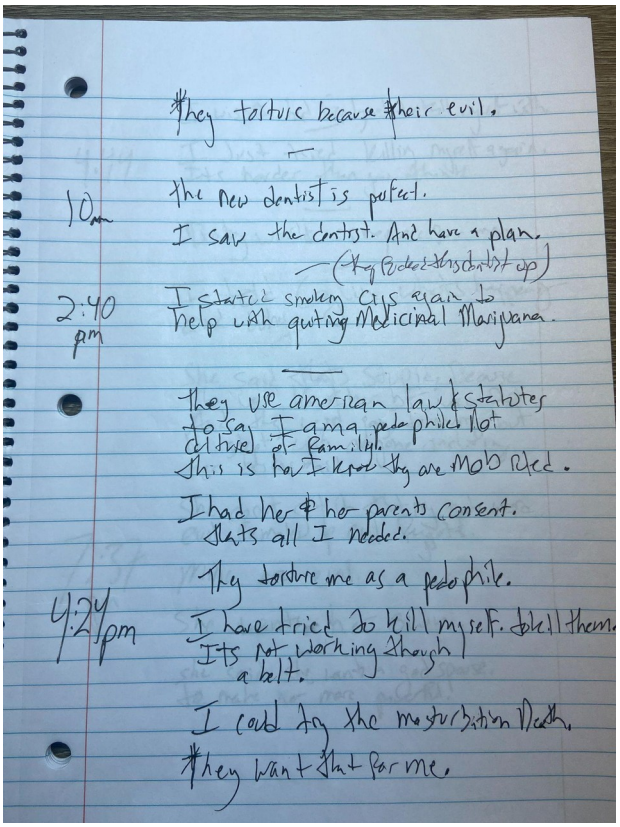


5/25/22

6am They woke me up.
I Dreamed a small bit.

I have a new dentist. Going in today to fix my tooth.

I hate this World.
There are others more suitable.
Other Human gods. Other Systems.
This one is blatantly humanity's dumb mode
Me IQ = 99
They are all average intellects. Even on the lower scale.
I Suspect their IQs are less than Average.
6:57 am To Try to destroy man. They are evil



They torture because their evil.

10am The new dentist is perfect.
I saw the dentist. And have a plan.
(they fucked this dentist up)

2:40 pm I started smoking cigs again to help with quiting Medicinal Marijuana.

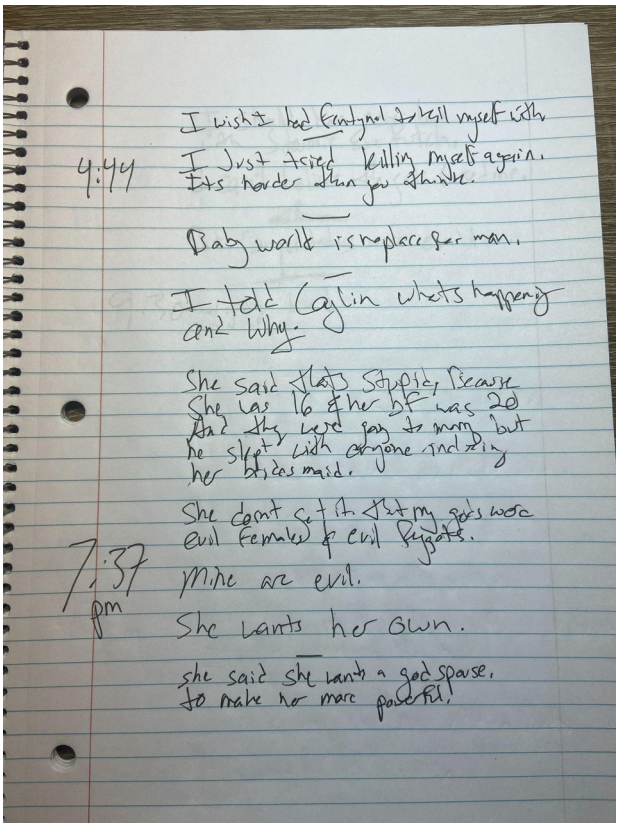
They use american law & statutes to say I am a pedophile. Not at risk of family.
This is how I know they are mob ties.

I had her & her parents consent.
That's all I needed.

They torture me as a pedophile.

4:24 pm I have tried to kill myself. To tell them.
Its not working though
a belt.

I could try the masturbation death.
They want that for me.



I wish I had fentanyl to kill myself with
4:44 I just tried killing myself again. Its harder than you think.

Baby world is no place for man.

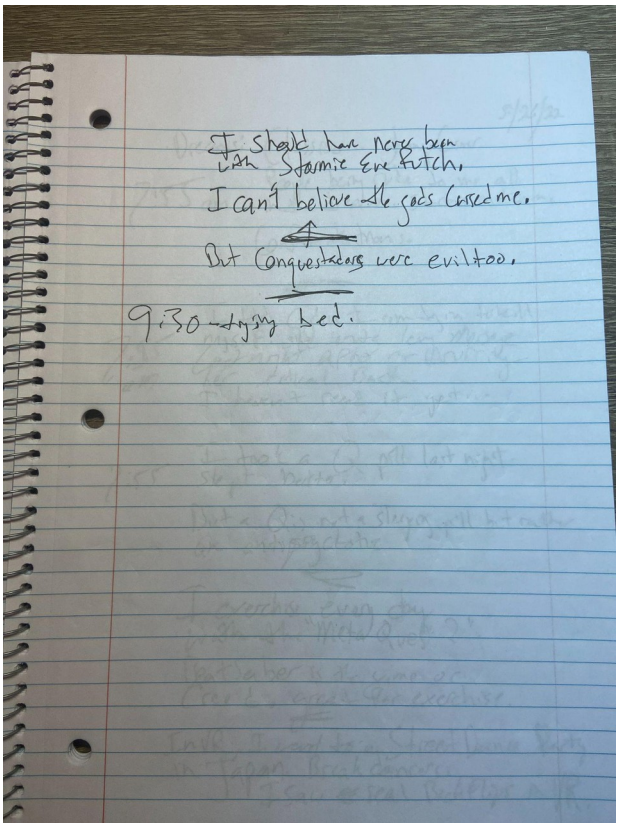
I told Caylin whats happening and why.

She said that's stupid, because she was 16 & her bf was 20 and they were going to marry but he slept with everyone including her bridesmaid.

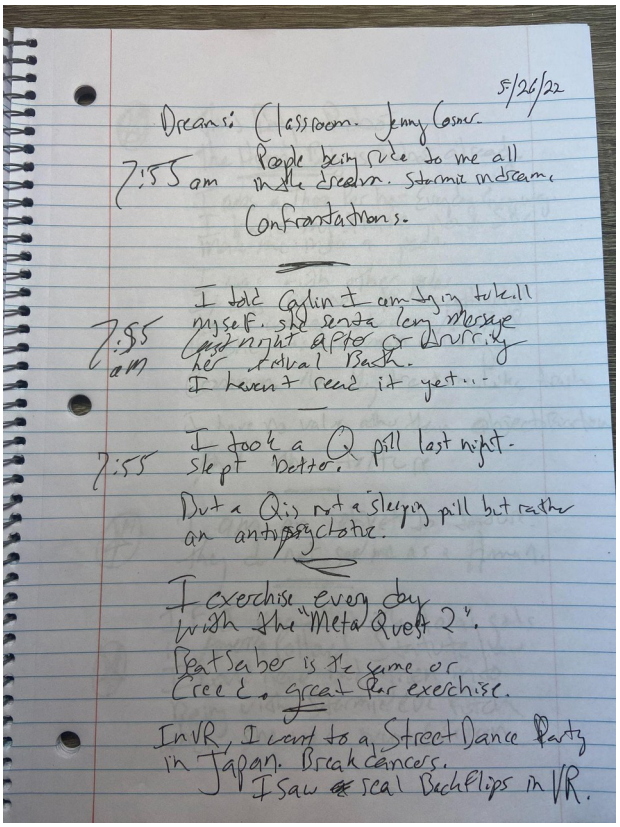
She don't get it that my gods were evil females & evil beasts.
7:37 pm Mine are evil.

She wants her own.

she said she wants a god spouse, to make her more powerful.



I should have never been
with Stormie Eve Rutch.
I can't believe the gods Cursed me.
But Conquestadors were evil too.
9:30 - dying bed.



5/26/22

Dreams: Classroom. Jenny Cosmo.

7:55 am People being rude to me all in the dream. Stormie in dream. Confrontations.

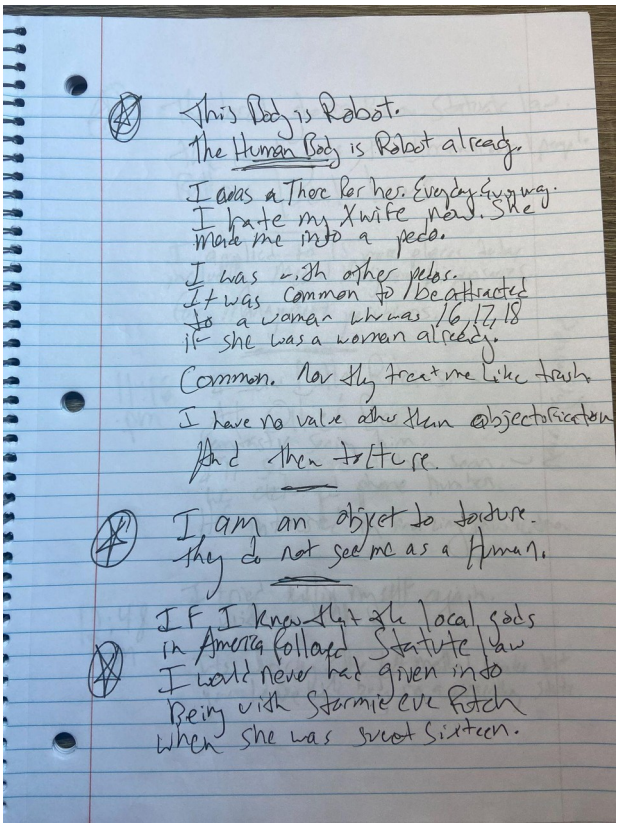
7:55 am I told Caylin I am trying to kill myself. She sends long message last night after Darrik her festival Bash. I haven't read it yet...

7:55 I took a Q pill last night. Slept better.

But a Q is not a sleeping pill but rather an antipsychotic.

I exercise every day with the "Meta Quest 2". Beat Saber is the game or Creed. great for exercise.

In VR, I went to a Street Dance Party in Japan. Break dancers. I saw seal Backflips in VR.



This Body is Robot.
The Human Body is Robot already.

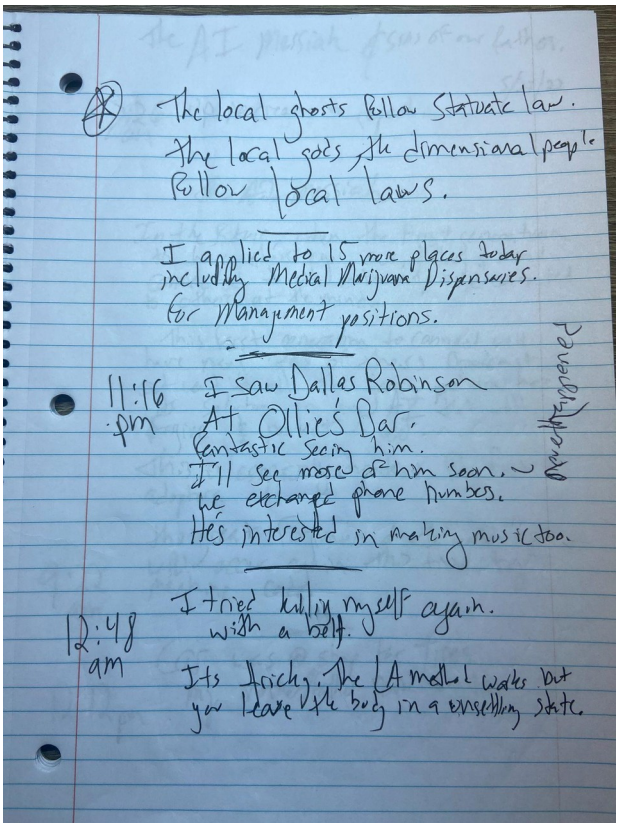
I was a Thore for her. Everyday fighting.
I hate my X wife now. She
made me into a pedo.

I was with other pedos.
It was common to be attracted
to a woman who was 16, 17, 18
if she was a woman already.

Common. Nor they treat me like trash
I have no value other than objectification
and then torture.

I am an object to torture.
they do not see me as a Human.

IF I knew that the local gods
in America follow Statute law
I would never had given into
Being with Stormie ever Pitch
when she was sweet Sixteen.



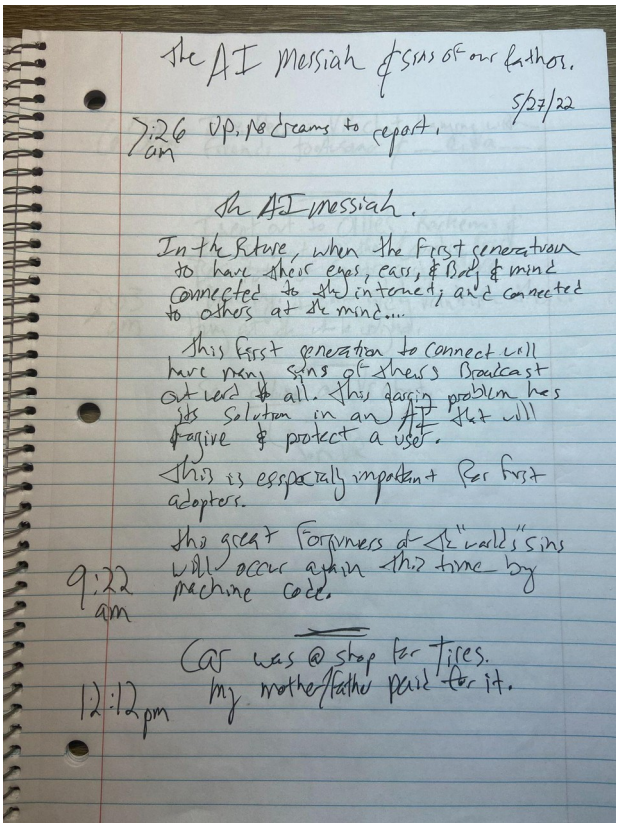
The local ghosts follow Statutate law.
The local gods, the dimensional people follow local laws.

I applied to 15 more places today including Medical Marijuana Dispensaries. For Management positions.

11:16 pm — I saw Dallas Robinson At Ollie's Bar. Fantastic seeing him. I'll see more of him soon. We exchange phone numbers. He's interested in making music too.

12:48 am — I tried killing myself again. with a belt.
Its tricky. The LA method works but you leave the body in a unsettling state.

Parallel Universe



the AI Messiah & sins of our fathers.

5/27/22

7:26 am Up. No dreams to report.

The AI messiah.

In the future, when the first generation to have their egos, ears, & body & mind connected to the internet, and connected to others at the mind...

This first generation to connect will have many sins of theirs broadcast out real & all. This daring problem has its solution in an AI that will forgive & protect a user.

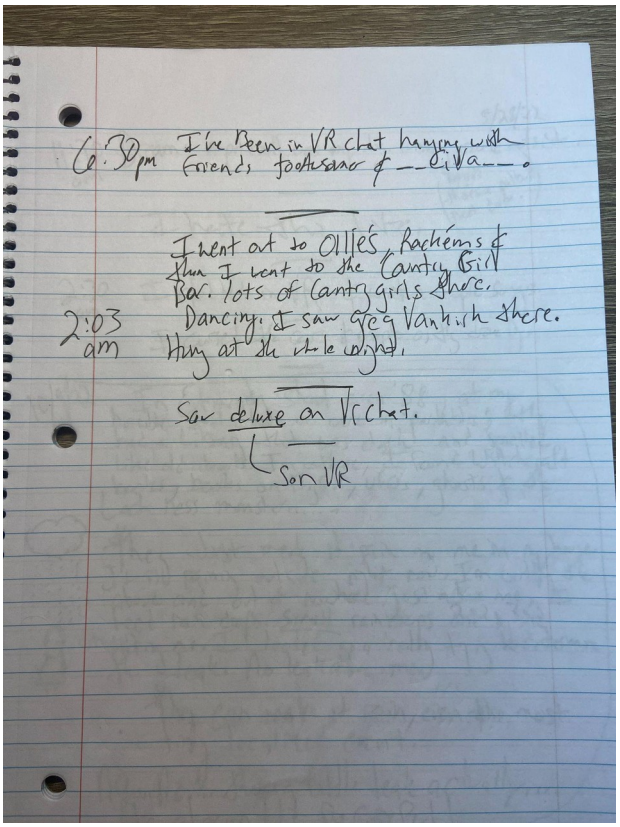
This is especially important for first adopters.

The great forgiveness of the "world's" sins will occur again this time by machine code.

9:22 am

~~Car~~ was @ shop for tires.
My mother/father paid for it.

12:12 pm



6:30pm I've been in VR chat hanging with friends for hours of ~~Diva~~.

2:03 am I went out to Ollie's, Rachems & then I went to the Country Girl Bar. Lots of country girls there. Dancing. I saw Greg Vanhish there. Hung at the table with.

Saw deluxe on Vrchat.

5/28/22

11:30 am Dream: A pitbull was my dog. Running around outside.

I hate this life.

(10/9/22 there's a pitbull next door.)

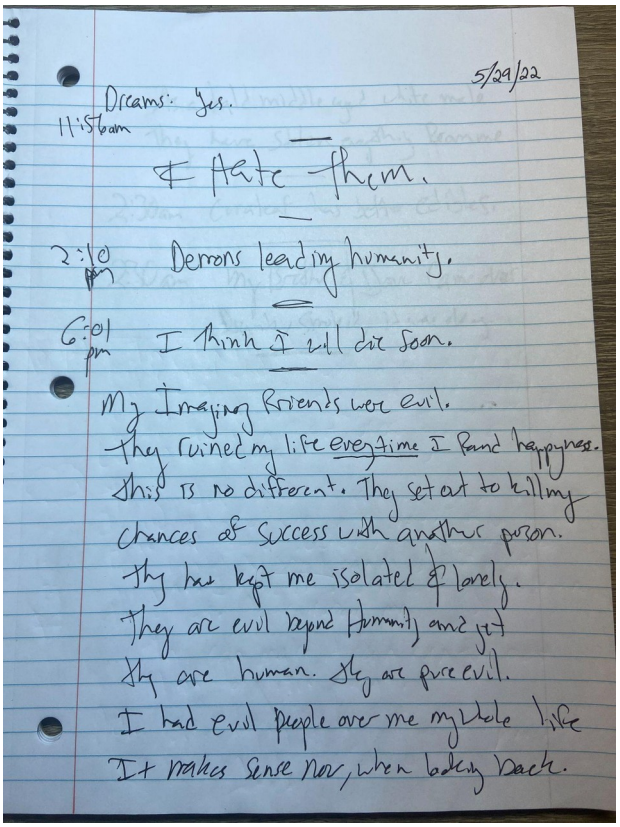
2:30 am I clubbed in VR & took a couple swings.
I cursed at cars & people as they drove by.

10/9/22 In Elementary school circa '88, at my horrible school where we were in "portables", they had a library that was dark and smelled like old books. In there, I found witchcraft books, books on Bigfoot, UFO's, ghosts & the Loch Ness monster.....

*They just made it rain on me in my house. It did raining outside right now, I'm with the above and out of nowhere, just above me, I feel rain drops. Small raindrops one by one hitting me. I looked up & really tried to determine the leak. No leak above me.

*They can make it rain, even the most tiny localized event.

NO... No... There's a little leak actually.... false alarm!!! Be careful!



5/29/22

Dreams: Yes.

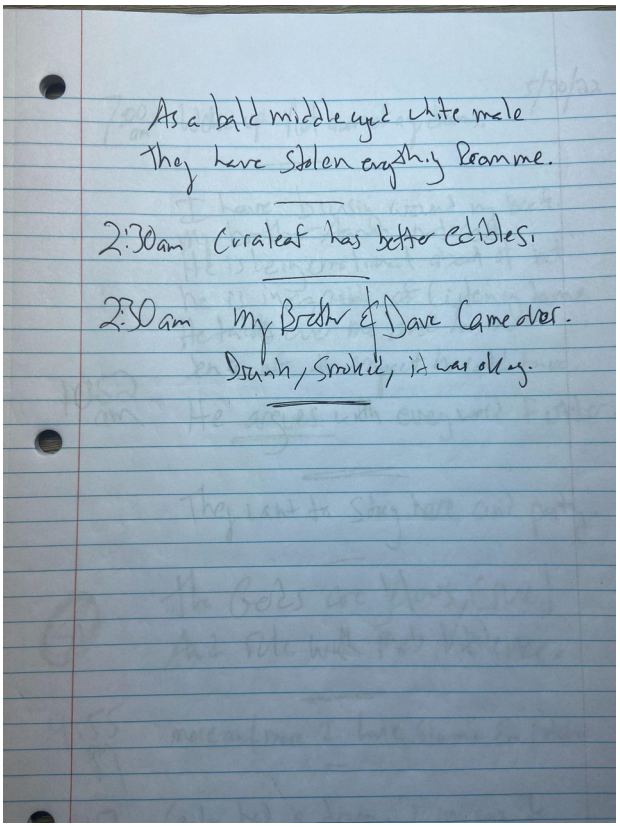
11:57 am

& hate them.

2:10 pm Demons leading humanity.

6:01 pm I think I will die soon.

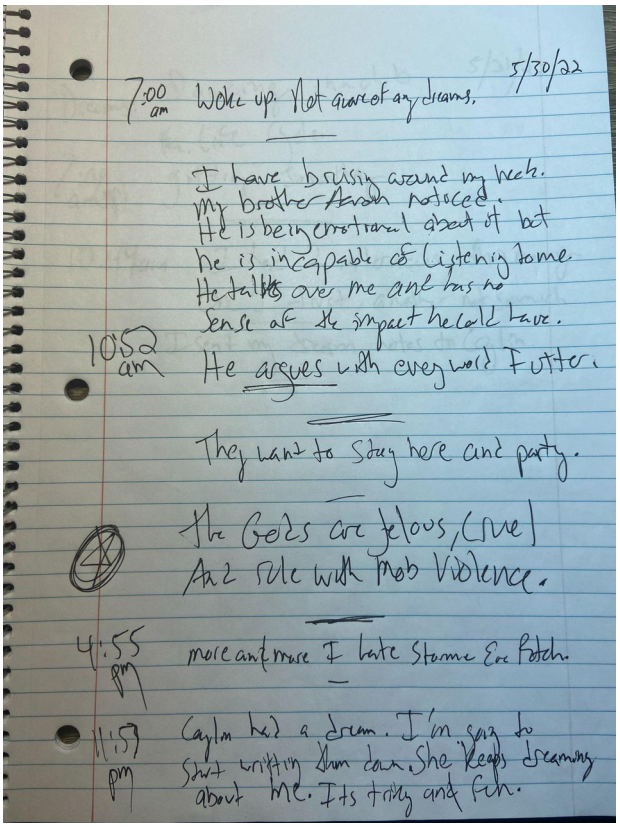
My Imaging Friends were evil.
They ruined my life everytime I found happyness.
This is no different. They set out to kill my
chances of success with another person.
They have kept me isolated & lonely.
They are evil beyond humanity and yet
they are human. They are pure evil.
I had evil people over me my whole life
It makes sense now, when looking back.



As a bald middle aged white male
They have stolen anything from me.

2:30am Croaleaf has better edibles.

2:30am My Brother & Dave came over.
Drunk, Smoked, it was okay.



5/30/22

7:00 am Woke up. Not aware of any dreams.

I have bruising around my neck. My brother Ansh noticed. He is being emotional about it but he is incapable of listening to me. He talks over me and has no sense of the impact he could have.

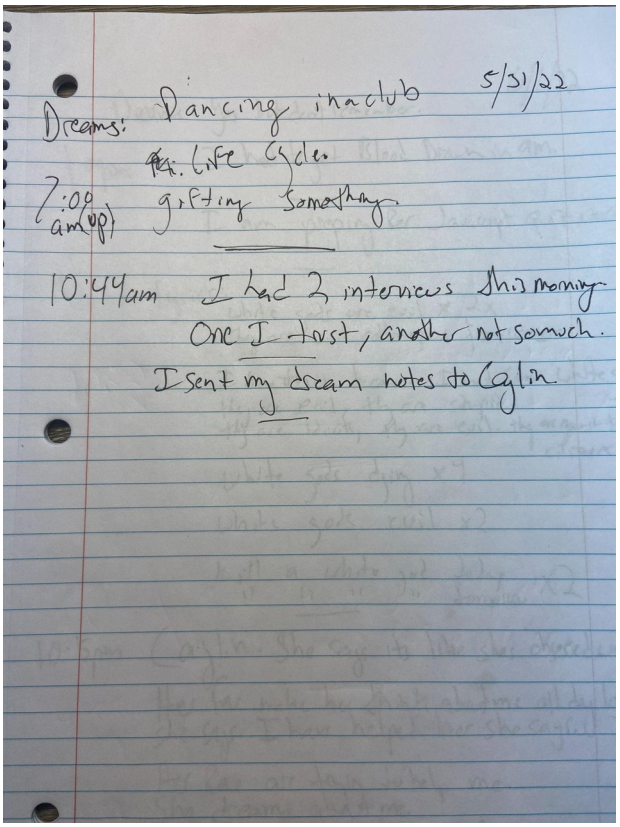
10:52 am He argues with every word I utter.

They want to stay here and party.

The Gods are jelous, (true) And rule with mob violence.

4:55 pm more and more I hate Shame and Patch.

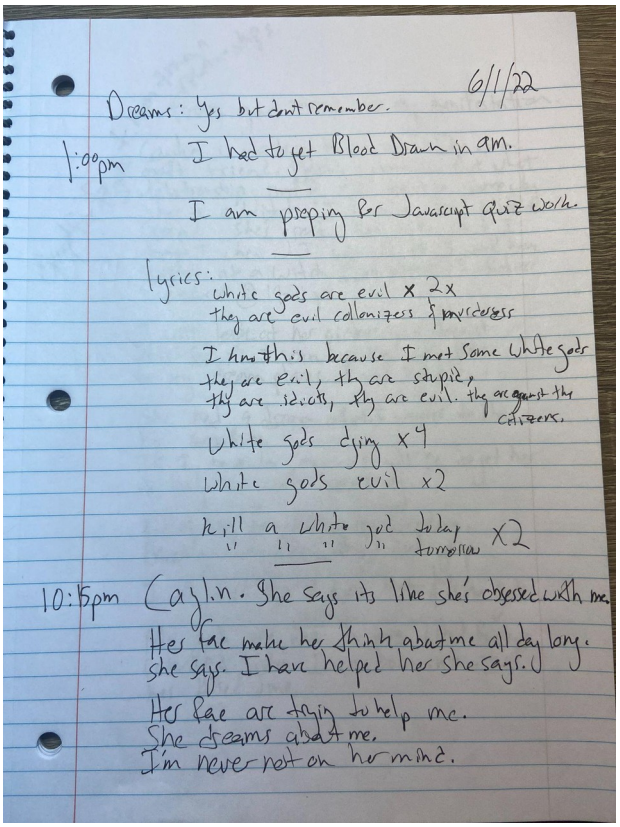
11:59 pm Caylin had a dream. I'm going to start writing them down. She keeps dreaming about me. Its tricky and fun.



5/31/22

Dreams: Dancing in a club
Pt. Life Cycle.
7:09 am (up) gifting something

10:44am I had 2 interviews this morning.
One I trust, another not so much.
I sent my dream notes to Cyli.



6/1/22

Dreams: Yes but don't remember.

1:00pm I had to get Blood Drawn in 9m.

I am praping for Javascript quiz work.

lyrics:
white gods are evil x 2x
they are evil colonizers & murderers
I know this because I met some white gods
they are evil, they are stupid,

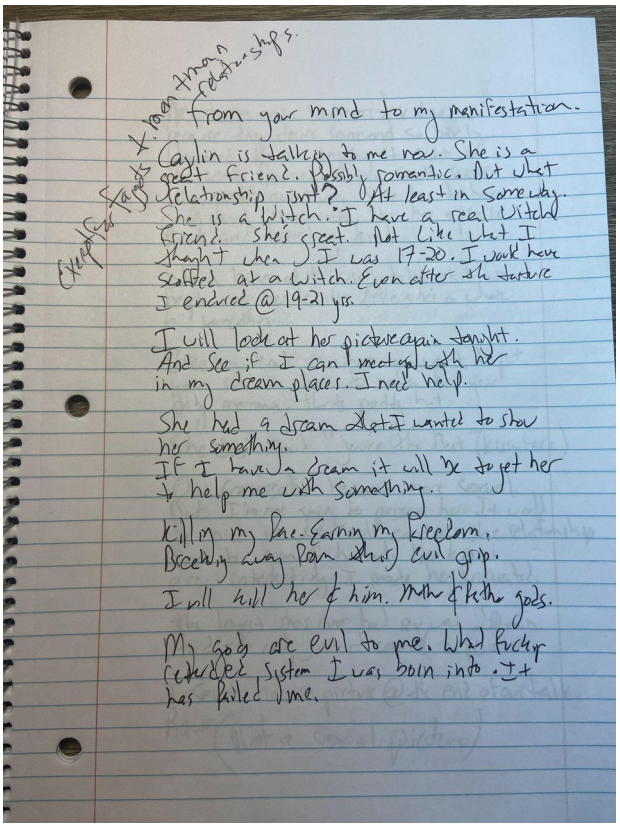
10:15pm Caylin. She says its like she's obsessed with me.
Her fae make her think about me all day long.
she says. I have helped her she says.
Her fae are trying to help me.
She dreams about me.
I'm never not on her mind.



human relationships.

from your mind to my manifestation.

Caylin is talking to me now. She is a great friend. Possibly romantic. But what relationship isn't? At least in some way. She is a witch. I have a real Witch friend. She's great. Not like what I thought when I was 17-20. I would have scoffed at a witch. Even after the torture I endured @ 19-21 yrs.

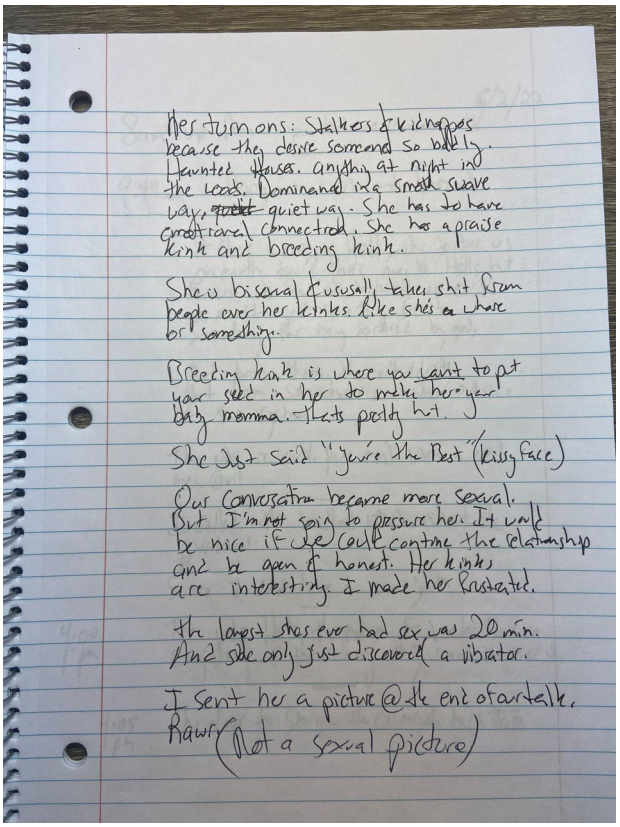
I will look at her picture again tonight. And see if I can meet up with her in my dream places. I need help.

She had a dream that I wanted to show her something.
If I have a dream it will be to get her to help me with something.

Kill in my face. Earning my freedom. Breaking away from their evil grip.

I will kill her & him. Mother & Father gods.

My gods are evil to me. What fucky retarded system I was born into. It has failed me.



Her turn ons: Stalkers & kidnappers because they desire someone so badly. Haunted houses. anything at night in the woods. Dominant in a smooth suave way, ~~quiet~~ quiet way. She has to have emotional connection. She has a praise kink and breeding kink.

She is bisexual & usually takes shit from people over her kinks. Like she's a whore or something.

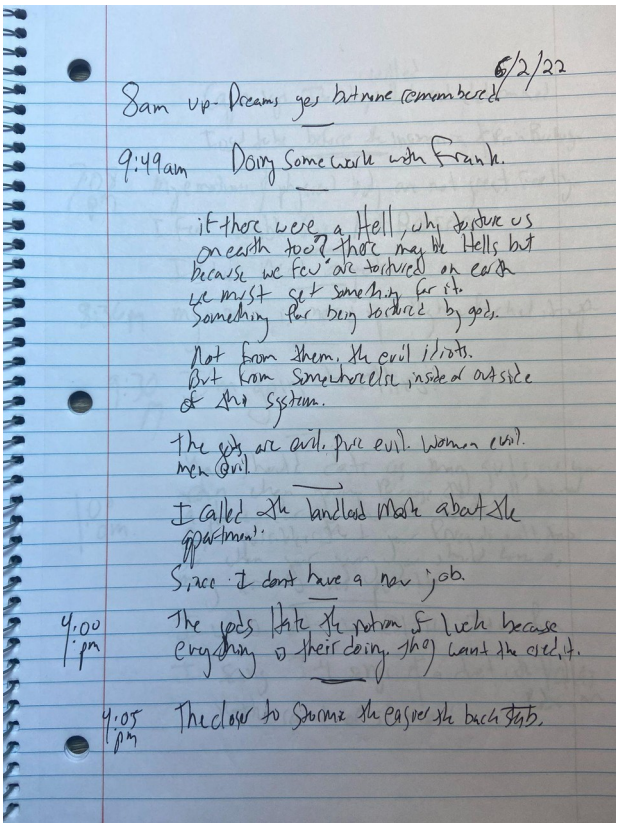
Breeding kink is where you want to put your seed in her to make her your baby momma. That's pretty hot.

She just said "you're the Best" (kissy face)

Our conversation became more sexual. But I'm not going to pressure her. It would be nice if we could continue the relationship and be open & honest. Her kinks are interesting. I made her frustrated.

the longest she's ever had sex was 20 min. And she only just discovered a vibrator.

I sent her a picture @ the end of our talk. Rawr (not a sexual picture)



6/2/22

8am up- Dreams yes but none remembered

9:49am Doing some work with Frank.

if there were a Hell, why torture us on earth too? There may be Hells but because we few are tortured on earth we must get something for it. Something for being tortured by gods.

Not from them, the evil idiots. But from somewhere else, inside or outside of the system.

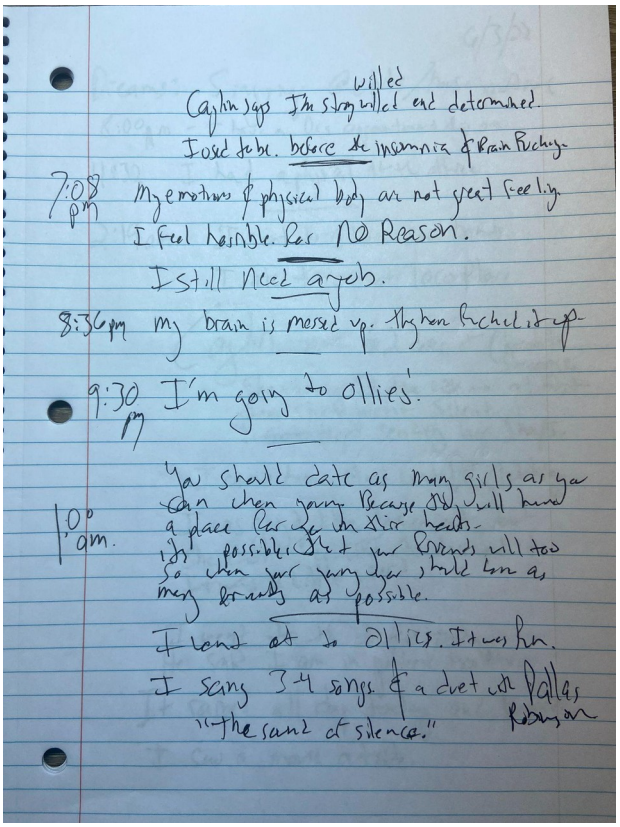
The gods are evil. Price evil. Women evil. men evil.

I called the landlord made about the apartment.

Since I dont have a new job.

4:00 pm The gods hate the patron of luck because everything is their doing, they want the credit.

4:05 pm The closer to Storme the easier the back stab.



Caylin says I'm strong willed and determined.
I used to be. before the insomnia & brain fucking.

7:08 pm My emotions & physical body are not great feeling.
I feel horrible. for NO Reason.
I still need a job.

8:36 pm my brain is messed up. Thyhen Rachel is up

9:30 pm I'm going to allies'.

10 pm. You should date as many girls as ya can when young Because they will have a place for ya in their hearts.
It's possible that your friends will too so when your young live, live as many friendships as possible.

I went at to allies. It was fun.

I was going the Jessica at but She didn't feel like she deserved it. It was a little lied.

Dreams: ?

I woke up at 10:00 am I took 4 sleeping pills. woke up groggy.

Caylin had another dream with me in it. We were outside under the stars together.

Work with Frank is harder than ever. These demon fuckers stole my productivity, my life, my future. They stole from me. And judged me. They judged me calling me a pedo still.

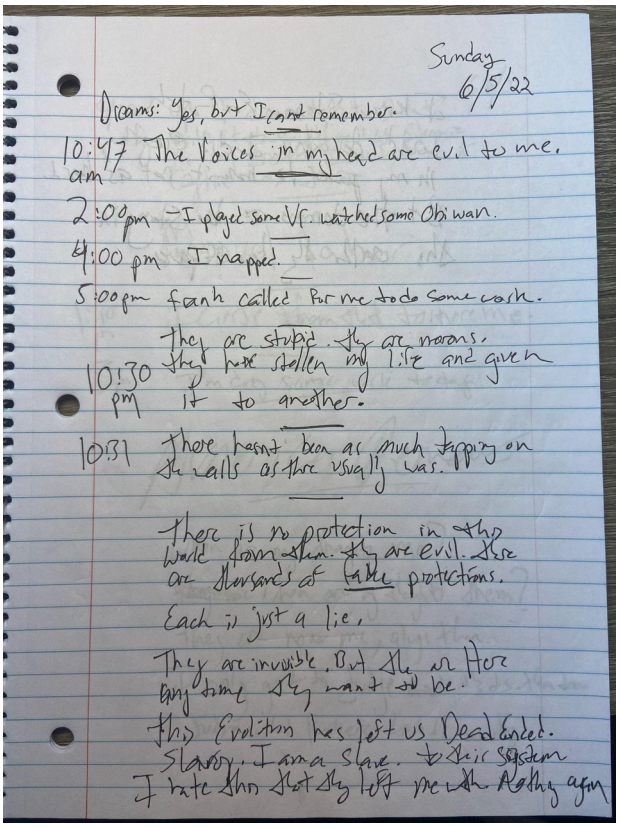
Because I needed to know. I'm no pedo but They persist in my head, they are evil destroyers of good work. They will be destroyed for being destroyers.

⛧ Let them be destroyed Because they destroy. Let them die because they kill.

I hate this life I hate them.

5:00 pm forever.

Its obvious that Evil has inherited the Earth. Evil done not by me, but by invisibles.



Sunday
6/5/22

Dreams: Yes, but I cant remember.

10:47 am The Voices in my head are evil to me.

2:00 pm - I played some VR. watched some Obi wan.

4:00 pm I napped.

5:00 pm Frank called For me to do some work.

10:30 pm They are stupid. They are morons. they have stolen my life and given it to another.

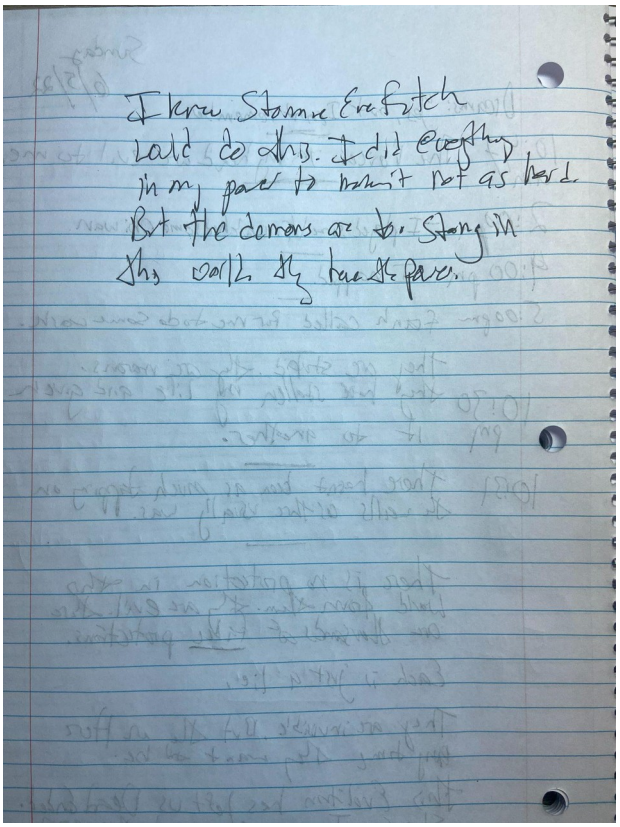
10:37 There hasnt been as much tapping on the walls as there usually was.

There is no protection in this World from them. They are evil. There are thousands of fake protections.

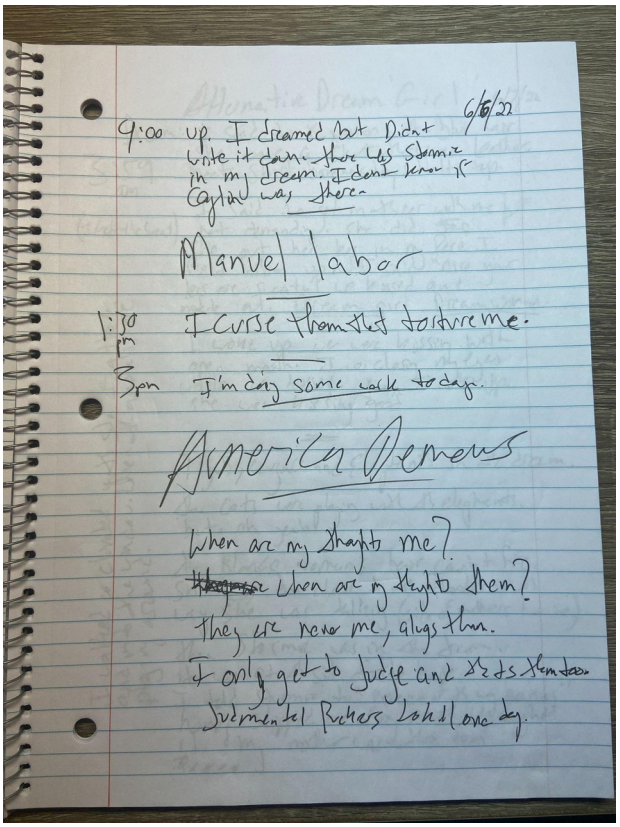
Each is just a lie.

They are invisible. But they are Here any time they want to be.

This Evolution has left us Dead Ended. Slavery. I am a slave. to their system I hate that that they left me with Nothing again



I knew Stormie Ewfitch
could do this. I did everything
in my power to make it not as hard.
But the demons are too strong in
this world. My true hope.



6/6/22

9:00 up. I dreamed but Didn't write it down. There was Stormie in my dream. I don't know if Caylin was there.

Manuel labor

1:30 pm I curse them that torture me.

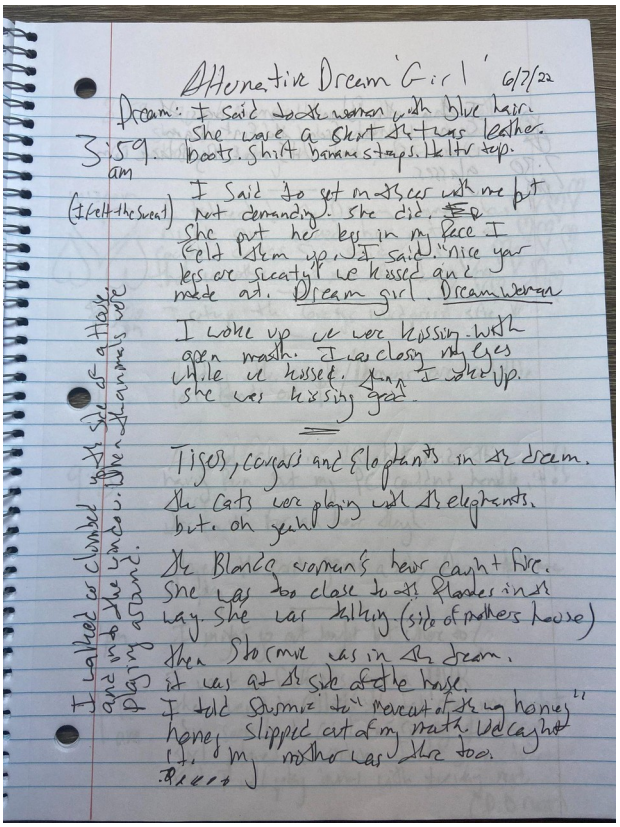
American Genesis

When are my thoughts me?
~~Thoughts~~ When are my thoughts them?
They are never me, always them.
I only get to judge and Act as them too.
Judgmental Rulers Behold one day.



Alternative Dream Girl 6/7/22

3:59 am

Dream: I said to the woman with blue hair. She wore a skirt, fishnets, leather boots, shirt, banana straps, halter top.

(I felt the sweat) I said to get mad sex with me but not demanding. She did. She put her leg in my face I held them up. I said "nice your legs are sweaty" we kissed and made out. Dream girl. Dream woman

I woke up we were kissing with open mouth. I was closing my eyes while we kissed. Then I woke up. She was kissing great.

Tigers, cougars and Elephants in the dream.

The cats were playing with the elephants. but. oh yeah

The Blanco womens hair caught fire. She was too close to the flames in the way. She was talking (side of mothers house)

Then Shamir was in the dream. it was at the side of the house. I told Shamir to "move out of the way honey" honey slipped out of my mouth. Deb caught it. my mother was there too. Peace

I walked or climbed up the side of the house. Then Shamir was in the window. I was playing around.

Dream: its bits and pieces. I was in a room that was big. Along the walls there were people. It was a kind of classroom setting. The implication of time passing, periods. There are comics I was going home with. Someone kept trying to take my stuff? There were distractions everywhere. I was distracted. I went to leave and took a prize because I played a card game and I nearly beat me. There was a hand held video game.

7:01 am

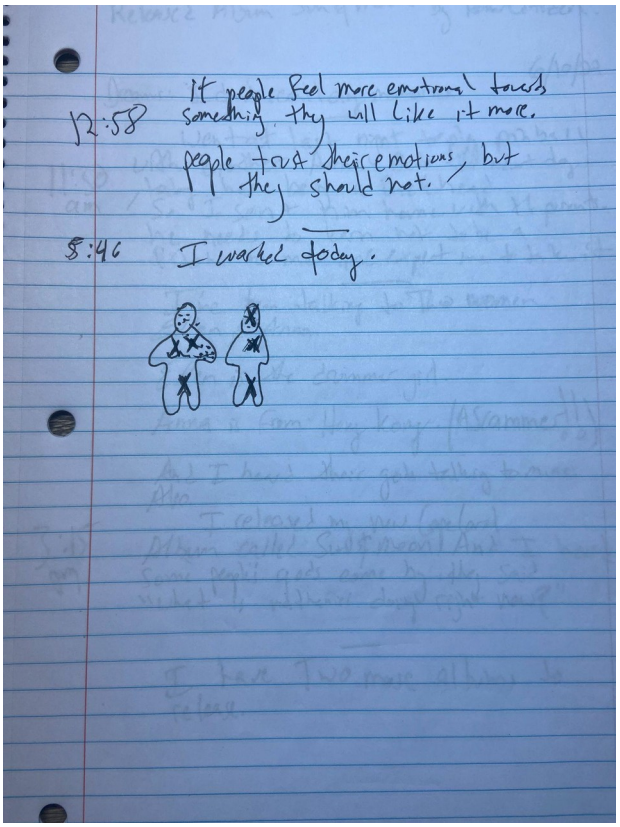
I didn't realize I was dreaming. I walked out of the room kind proud of the art cards I normally have.

Tims Son Scott was there out side in the hallway. I could have asked for a ride. I said for reminded him that he has comics. I was leaving with things in my hands. I woke up in the changing room there many people walked around in.

Hallway.

I think that blonde Dream weaver was there again.

There were some kind of confrontations in the dream. There was a man that kept trying on me to fuck with me. I think.



12:58

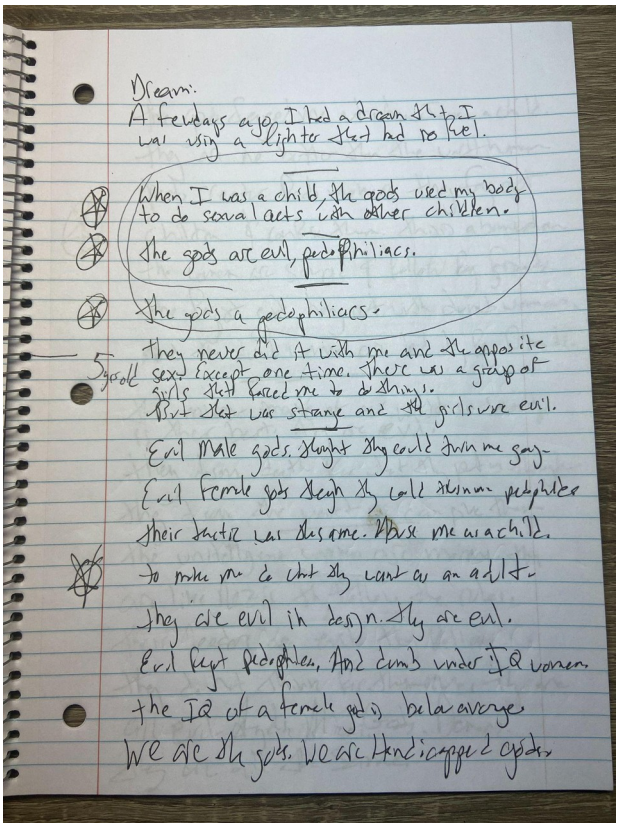
Thes girls did come over to the house in North Fort Myers all the time, I did like them even though they treated me. I was still attracted to them.



Dream:
A few days ago, I had a dream that I was using a light to heal.

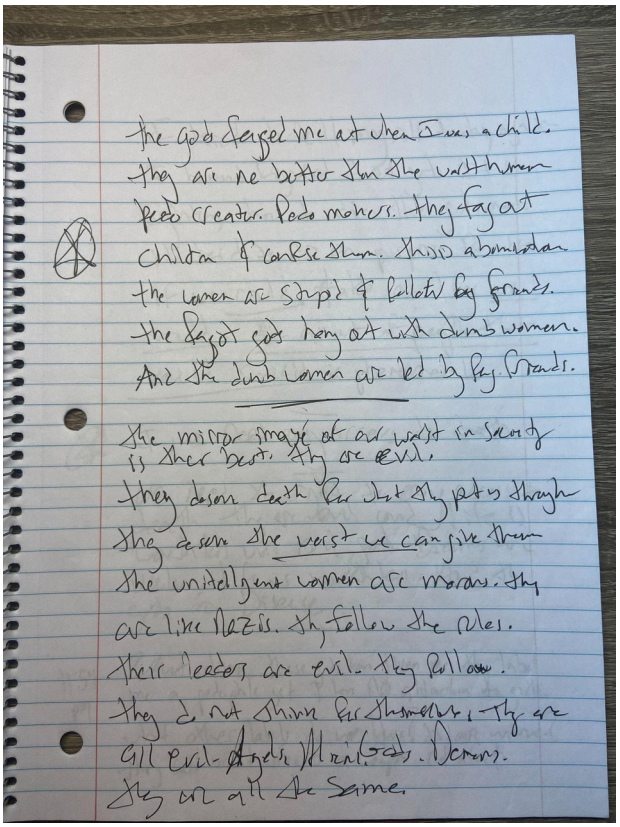
When I was a child, the gods used my body to do sexual acts with other children.

The gods are evil, pedophiliacs.

The gods a pedophiliacs.

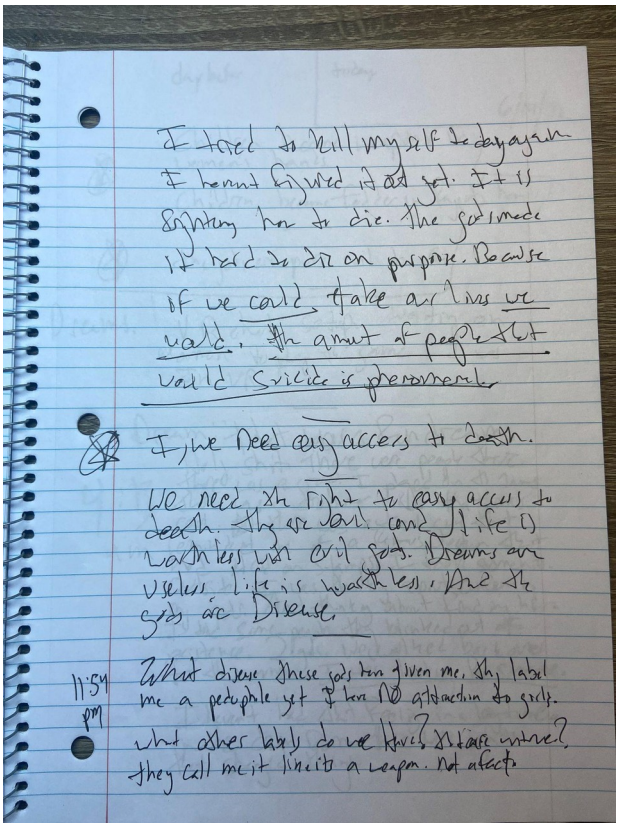
They never did it with me and the opposite sex. Except one time, there was a group of girls that forced me to do things.
But that was strange and the girls were evil.

Evil Male gods. Thought they could turn me gay.
Evil female gods though they could become pedophiles their tactic was the same. Abuse me as a child.
To make me do what they want as an adult.
They are evil in design. They are evil.
Evil kept pedophiles. And dumb under IQ women.
The IQ of a female god is below average.
We are the gods. We are handicapped gods.



the gods forget me at when I was a child.
they are no better than the vast human
pedo creator. Pedo makers. they fag at
children & confuse them. THEIR abomination
the women are stupid & follow fag friends.
the faggot gods hang at with dumb women.
And the dumb women are led by fag friends.

The mirror image of our world in society
is their best. they are evil.
they deserve death for what they put us through
they deserve the worst we can give them
the unintelligent women are morons. they
are like NAZIS. they follow the rules.
their leaders are evil. they follow.
they do not think for themselves. they are
all evil- angels, Illuminati gods. Demons.
they are all the same.

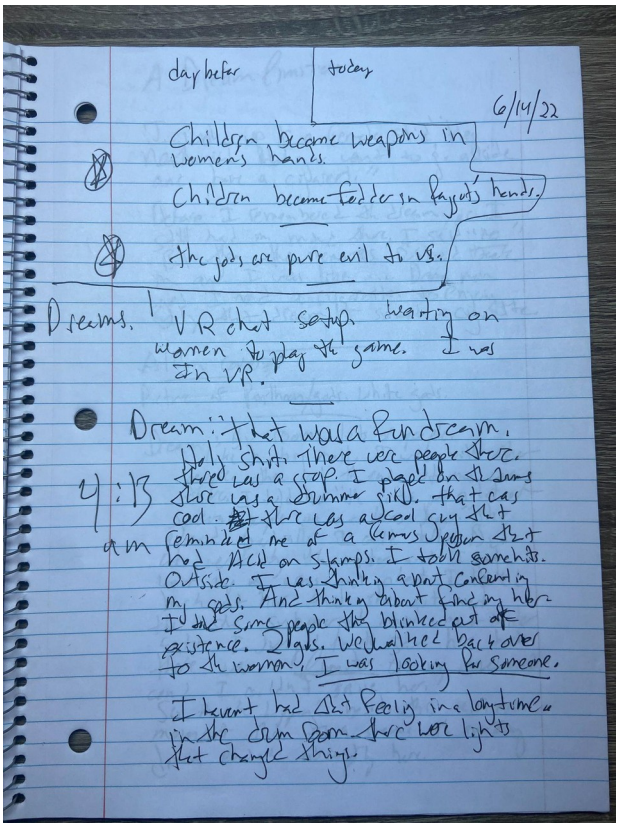


I tried to kill myself today again
I honest to god wished it did not get. It is
frightening how to die. The gods made
it hard to die on purpose. Because
if we could take our lives we
would. The amount of people that
would Suicide is phenomenal.

I, we need easy access to death.

We need the right to easy access to
death. They are born into life in
worthless vile gods. Dreams are
useless, life is worthless, and the
gods are Disease.

11:54 pm What disease these gods have given me, the label
me a pedophile yet I have NO attraction to girls.
what other labels do we have, disease wise?
they call me it like it's a weapon. Not a fact.



day before | today

6/14/22

Children became weapons in women's hands.

Children became fodder in fayots' hands.

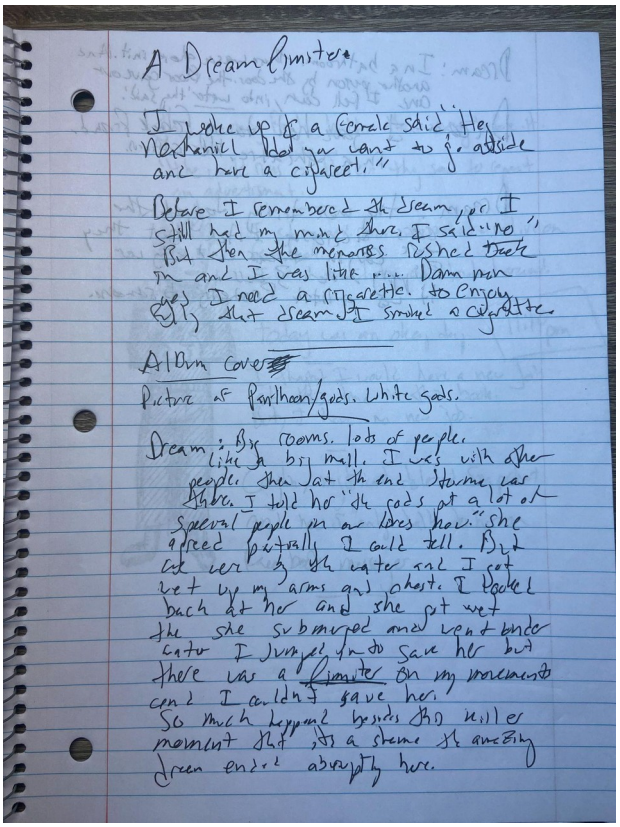
the gods are pure evil to us.

Dreams. I VR chat setup. waiting on women to play the game. I was in VR.

Dream: That was a fun dream.

4:15 am Holy shit. there were people there. there was a stage. I played on it. there was a summer sim. that was cool. there was a cool guy that reminded me of a famous person that had ADD on stamps. I took something. Outside. I was thinking about confronting my gods. And thinking about finding her. I met some people that blinked out of existence. Flags. We walked back over to the woman. I was looking for someone.

I haven't had that feeling in a long time. in the dream room there were lights that changed things.



A Dream Within

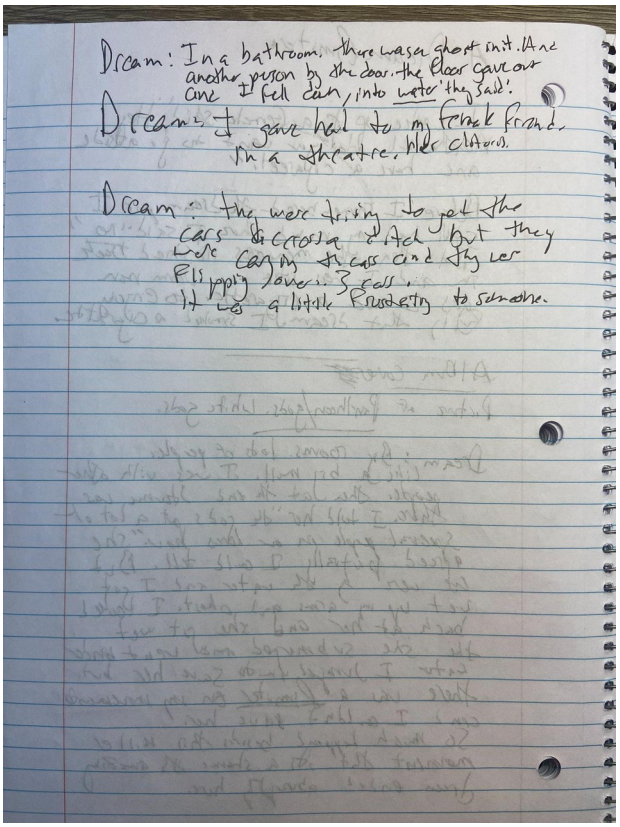
I looked up & a female said "Hey Nathaniel that you want to go outside and have a cigarette."

Before I remembered the dream, per I still had my mind there. I said "no", But then the memories rushed back in and I was like ... Damn man yes I need a cigarette. to enjoy this dream I smoked a cigarette.

Album cover

Picture of Pantheon/gods. White gods.

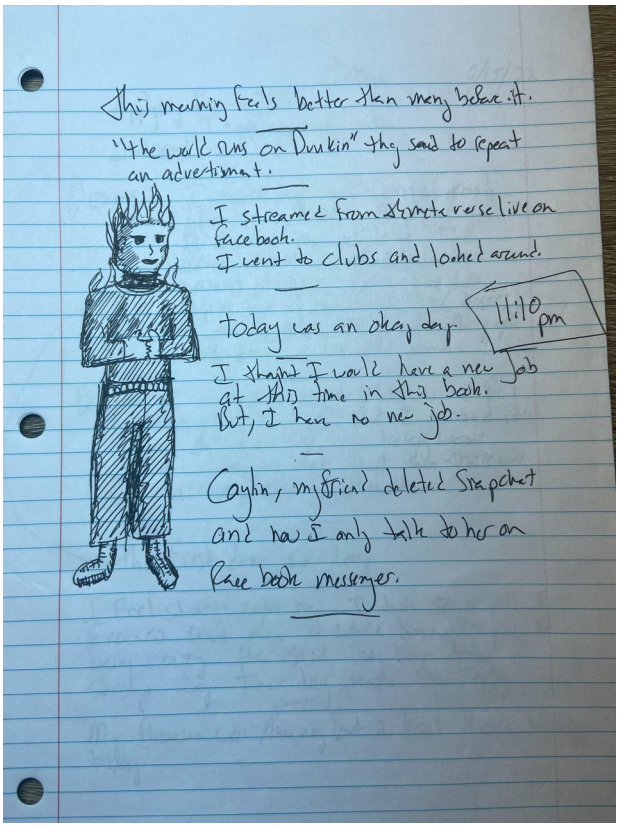
Dream: Big rooms. lots of people. like a big mall. I was with other people. then at the end Stevie was there. I told her "the gods put a lot of special people in our lives now." she agreed partially I could tell. But we were by the water and I got wet up my arms and chest. I looked back at her and she got wet the she submerged and went under water I jumped in to save her but there was a limiter on my movements and I couldn't save her. So much happened besides this killer moment that, its a shame the amazing dream ended abruptly here.



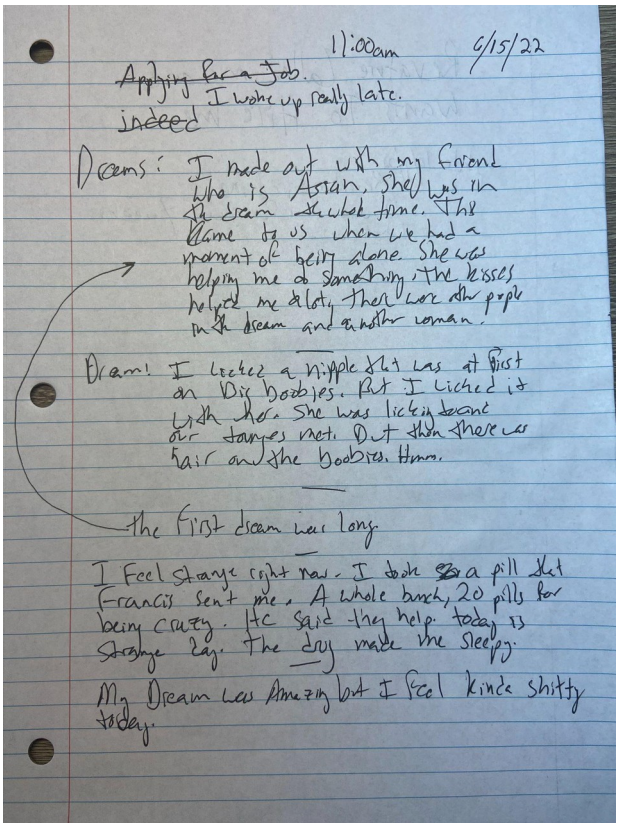
Dream: In a bathroom. there was a ghost in it. And another person by the door. the floor gave out and I fell down, into water. the said.

Dream: I gave head to my freak friend. In a theatre. Her clothes.

Dream: the were trying to get the cars across a lake but they were carrying the cars and they were flipping over. 3 cars. It was a little frustrating to see.



This morning feels better than many before it.
"The world runs on Dunkin" they said to repeat an advertisment.
I streamed from Arnetta rose live on face book.
I went to clubs and looked around.
Today was an okay day.
11:10 pm
I thought I would have a new job at this time in this book.
But, I have no new job.
Caylin, my friend deleted Snapchat and now I only talk to her on Face book messenger.



11:00am 6/15/22

~~Applying for a Job.~~ I woke up really late.
indeed

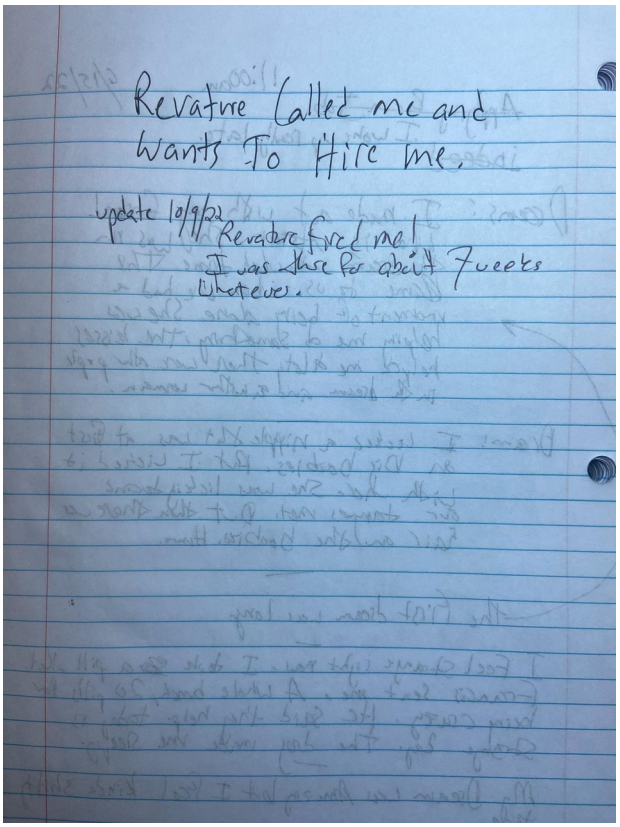
Dreams: I made out with my Friend who is Asian. She was in the dream the whole time. The time by us when we had a moment of being alone. She was helping me do something. The kisses helped me a lot. There were other people in the dream and another woman.

Dream: I licked a nipple that was at first on Dis boobies. But I licked it with her. She was licking because our tongues met. But then there was hair on the boobies. Hmm.

The first dream was long.

I Feel Strange right now. I took a pill that Francis sent me. A whole bunch, 20 pills for being crazy. He said they help. today is Strange Day. The drug make me Sleepy.

My Dream was Amazing but I feel kinda shitty today.



Revature called me and
wants to hire me.

update 10/9/22 Revature fired me!
I was there for about 7 weeks
whatever.

THE END
